Two Russian Revolutions:

The Two Revolutions Robert Hamilton Bruce Lockhart, 1967 Cuban American family saga set against Castro's 1959 revolution and today [The Two Russian Revolutions of 1917](#) Vasiliĭ Ivanovich Alekseev, 1962 **The Russian Revolutions of 1917** Kari Aga Myklebost, Jens Petter Nielsen, Andrei Rogatchevski, 2020-04-14 The year 2017 saw a multitude of conferences and exhibitions devoted to the centenary of the Russian Revolutions both in Russia and in other parts of the world The commemoration of this event would be incomplete without an exploration of its Northern dimension in October 2017 UiT The Arctic University of Norway hosted the conference *The Russian Revolutions of 1917 The Northern Impact and Beyond* Norway and Russia are both northern states and the two countries have a common border in the High North Some articles in this volume based on the conference proceedings investigate the impact of the Russian Revolution in Norway and Sweden while others deal with the High North e.g. the Revolution and Civil War in Northern Russia and the radicalization of the workers movement of Northern Norway some are also devoted to representations of the Russian Revolution at exhibitions and on the big screen **The Russian Revolution and Civil War 1917-1921** Jonathan Smele, 2006-04-15 The Russian Revolution and Civil War in the years 1917 to 1921 is one of the most widely studied periods in history It is also somewhat inevitably one that has generated a huge flow of literature in the decades that have passed since the events themselves However until now historians of the revolution have had no dedicated bibliography of the period and little claim to bibliographical control over the literature *The Russian Revolution and Civil War 1917-1921* offers for the first time a comprehensive bibliographical guide to this crucial and fascinating period of history The Bibliography focuses on the key years of 1917 to 1921 starting with the February Revolution of 1917 and concluding with the 10th Party Congress of March 1921 and covers all the key events of the intervening years As such it identifies these crucial years as something more than simply the creation of a communist state **The Russian Revolution of 1905** Anthony J. Heywood, Jonathan D. Smele, 2013-04-03 2005 marks the centenary of Russia's first revolution an unplanned spontaneous rejection of Tsarist rule that was a response to the Bloody Sunday massacre of 9th January 1905 A wave of strikes urban uprisings peasant revolts national revolutions and mutinies swept across the Russian Empire and it proved a crucial turning point in the demise of the autocracy and the rise of a revolutionary socialism that would shape Russia Europe and the international system for the rest of the twentieth century The centenary of the Revolution has prompted scholars to review and reassess our understanding of what happened in 1905 Recent opportunities to access archives throughout the former Soviet Union are yielding new provincial perspectives as well as fresh insights into the roles of national and religious minorities and the parts played by individuals social groups political parties and institutions This text brings together some of the best of this new research and reassessment and includes thirteen chapters written by leading historians from around the world together with an introduction from Abraham Ascher **The Russian Revolution of 1905** Jon Smele, Anthony Heywood, 2005 This book

presents new perspectives and fresh insight into the roles of national and religious minorities and the parts played by individuals social groups political parties and institutions in the 1905 Russian revolution

Events That Changed the Course of History Jessica Piper,2017-01-23 One hundred years ago on March 8 1917 Russia underwent its first of two revolutions the February Revolution and followed by the Bolshevik Revolution These revolutions would eventually set the stage for the formation of the Soviet Union Learn more about the story of the Russian Revolution and its long term effects on both the country itself and the world at large Follow the path of government corruption economic deflation and food shortages that led the Russian people to rise up in the February Revolution This uprising led to Czar Nicholas II abdicating the throne and ending centuries of imperial rule A few months later Bolsheviks led by Vladimir Lenin took power from the provisional government that had been set up after the February Revolution in what is referred to as the Bolshevik Revolution These two revolutions are collectively known as the Russian Revolution Discover how after the Bolsheviks took power Russia broke out into civil war as the communist Bolsheviks and the anti Bolshevik White Russians began to clash This war led to the brutal murder of Czar Nicholas and his family as well as the popular rumor that one of Nicholas's daughters Anastasia had actually escaped execution Take a closer look at this turbulent time in Russian history and its impact on world history Our books include full color and black and white images index glossary CIP reading websites bibliography detailed table of contents sidebars historical timeline historical context overview Dewey number and reading levels by Lexile and F P Leveled reading

[A Concise History of the Russian Revolution](#) Richard Pipes,2011-04-27 An authoritative history of the Russian Revolution and the violent and disruptive acts that created the first modern totalitarian regime portraying the crisis at the heart of the tsarist empire A deep and eloquent condemnation of the revolution and its aftermath The New York Times Drawing on archival materials released in Russia Richard Pipes chronicles the upheaval that began as a conservative revolt but was soon captured by messianic intellectuals intent not merely on reforming Russia but on remaking the world He provides fresh accounts of the revolution's personalities and policies crises and cruelties from the murder of the royal family through civil war famine and state terror Brilliantly and persuasively Pipes shows us why the resulting system owes less to the theories of Marx than it did to the character of Lenin and Russia's long authoritarian tradition What ensues is a path clearing work that is indispensable to any understanding of the events of the century
