## **Über Die Liebe:**

Über die Liebe, 1978 Bericht über die Tätigkeit des Folkloristischen forscherbundes "FF." Reidar Thoralf Christiansen, 1915 **The Concept of Love in 17th and 18th Century Philosophy** Herman de Dijn, 2007 Love is joy with the accompanying idea of an external cause Spinoza's definition of love manifests a major paradigm shift achieved by seventeenth century Europe in which the emotions formerly seen as normative forces of nature were embraced by the new science of the mind This shift has often been seen as a transition from a philosophy laden with implicit values and assumptions to a more scientific and value free way of understanding human action But is this rational approach really value free Today we tend to believe that values are inescapable and that the descriptive mechanical method implies its own set of values Yet the assertion by Spinoza Malebranche Leibniz and Enlightenment thinkers that love guides us to wisdom and even that the love of a god who creates and maintains order and harmony in the world forms the core of ethical behavior still resonates powerfully with us It is evidently an idea Western culture is unwilling to relinquish This collection of insightful essays offers a range of interesting perspectives on how the triumph of reason affected not only the scientific philosophical understanding of the emotions and especially of love but our everyday understanding as well **Annual of the Swedish Theological Institute, Volume 10 (1975-76)** Knutsson, 2024-10-07 **Glaube und Theologie / Faith and Theology** Wolfram Kinzig, Julia Winnebeck, 2019-07-31 Glaube und Theologie stehen seit den Anfängen des Christentums in produktiver Spannung zueinander die die Reformation mit ihrem Prinzip des sola fide einerseits und mit ihrer Institutionalisierung einer schriftzentrierten akademischen Theologie andererseits in besonderer Weise aktualisiert hat Dadurch entwickelte sich in den neu entstandenen Evangelisch theologischen Fakultäten eine wissenschaftliche Theologie auf höchstem Niveau die weltweit rezipiert wurde Diese Theologie sieht sich allerdings in jüngster Zeit kritischen Anfragen ausgesetzt Säkularisierungsprozesse führen zu einem massiven religiösen Bildungsverlust und damit zu einer Trivialisierung von Theologie Zeitgleich breiten sich weltweit christliche Gruppen aus die auf eine akademische theologische Ausbildung keinen Wert legen In Anbetracht dieser Situation entsteht die Frage inwiefern die Theologie reformatorischer Tradition auch in Zukunft religionsproduktiv sein und eine für die Kirchen grundlegende Arbeit leisten kann Um diese Frage zu diskutieren trafen sich auf Einladung des Evangelisch Theologischen Fakultätentages der Wissenschaftlichen Gesellschaft für Theologie und der Evangelischen Kirche in Deutschland im Oktober 2017 Theologinnen und Theologen unterschiedlicher christlicher Konfessionen in Wittenberg zu einer internationalen Konferenz Deren wegweisende Beiträge sind in diesem Band veröffentlicht Since the beginnings of Christianity there has been a fundamental tension between faith and theology The Reformation with its principle of sola fide on the one hand and its institutionalisation of a scripture based academic theology on the other hand drew particular attention to the tension and suggested new answers to that problem That effort contributed to a fundamental transformation of academic theology within the faculties of Protestant Theology which emerged as a result of the movement In the past

decades however academic theology has come under considerable pressure In much of Europe and North America The process of secularization has led to a massive decline in religious education and partially as a reaction to this to a trivialization of academic theology At the same time one can observe a global proliferation of evangelical and Pentecostal groups These groups sometimes display a certain indifference towards academic theological training or even reject it altogether In view of this development the question arises to what extent the relationship between faith and theology as defined in the wake of the Reformation will in future continue to be religiously productive and may thus serve the churches and their congregations
