**Great Thinkers in 60 minutes - Volume 3** Walther Ziegler,2022-12-21 Great Thinkers in 60 Minutes Volume 3 comprises the five books Confucius in 60 Minutes Buddha in 60 Minutes Epicurus in 60 Minutes Descartes in 60 Minutes and Hobbes in 60 Minutes Each short study sums up the key idea at the heart of each respective thinker and asks the question Of what use is this key idea to us today But above all the philosophers get to speak for themselves Their most important statements are prominently presented as direct quotations in speech balloons with appropriate graphics with exact indication of the source of each quote in the author's works This light hearted but nonetheless scholarly precise rendering of the ideas of each thinker makes it easy for the reader to acquaint him or herself with the great questions of our lives Because every philosopher who has achieved global fame has posed the question of meaning what is it that holds at the most essential level the world together For Confucius it is the search for the Dao for the right path that leads us human beings to one another For the Buddha it is a radical liberation from our needs and the approach through meditation to Nirvana For Epicurus by contrast the meaning of life consists in the letting be of our pleasures and the imbeddedness of existence in our bodies Descartes for his part considers thinking to be the decisive quality of Man allowing him to explore and master the world Hobbes finally sees the central element of meaning to consist in humans peaceful coexistence thanks to the founding of states i e in a political act In other words the meaning of the world and thus of our own lives remains among philosophers a topic of great controversy One thing though is sure each of these five thinkers struck from his own perspective one brilliant spark out of that complex crystal that is the truth      **Buddha in 60 Minutes** Walther Ziegler,2021-11-22 The Buddha is renowned as

the founder of one of the five world religions This is all the more astonishing because he never claimed to be a prophet Unlike Mohammed Moses or Jesus he promises human beings no afterlife in Paradise Nor does he have any stories of God or God's grace He simply shows us how we can free ourselves by our own efforts from fear and attain to the experience of Nirvana His concern is Man's self salvation He formulates his key idea in the doctrine of the Four Noble Truths To live

always means also to suffer runs the first Noble Truth because says the Buddha Ageing is suffering sickness is suffering death is suffering to be parted from loved ones is suffering The second truth then explains the causes of this suffering These are above all our own wishes and needs for pleasure youth attractiveness health eternal life and happiness If we succeeded in freeing ourselves from these things then the Buddha s third Noble Truth runs the suffering would end The fourth Noble Truth finally describes the famous Eightfold Path that we need to follow in order to achieve liberation awakening and serenity vis vis our own needs The book Buddha in 60 Minutes explains this fascinating doctrine in an easy to follow way especially the key idea nirvana The Buddha indeed arrived at his Four Noble Truths and the nirvana experience only through meditation But his doctrine can be grasped simply through reason Are the Four Truths correct Is the Eightfold Path one we can actually travel Can the nirvana experience actually help us to achieve a redeeming serenity Here the Buddha s key ideas are explained using over a hundred of his most important quotations The book appears as part of the popular series Great Thinkers in 60 Minutes which has now been translated worldwide into six languages Epitome of the Pali Canon Chroniker Press Book,2012-10-29 This book is an authorized reprint of Wikipedia articles pertaining to the Pali Canon the oldest collection of Buddhist scriptures Included are articles on Pali the Early Buddhist Schools and many suttas and other parts of the Vinaya Sutta and Abhidhamma Pitakas This book presents a comprehensive and in depth overview of the Pali Canon in a convenient collection
