Wagon Box Fight:

The Wagon Box Fight Jerry Keenan, 2007-10-09 This authoritative chronicle by a leading Frontier Wars historian details one of the most dramatic battles of the 19th century American West In the 1860s the newly blazed Bozeman Trail brought American pioneers into the gold rich regions of Montana As these settlers disrupted Native American populations the Lakota Northern Cheyenne and Northern Arapaho tribes responded with a series of raids in Montana and Wyoming Territories The bloody conflict came to be known as Red Cloud s War named for the Oglala Lakota chief On August 2nd 1867 several hundred of Red Cloud s warriors descended on a small party of US Army soldiers near Fort Phil Kearny Greatly outnumbered and taking cover behind a wall of wagon boxes the soldiers kept the attackers at bay with newly designed fast shooting rifles until reinforcements arrived In Wagon Box Fight historian Jerry Keenan recounts the full story of this historic conflict in vivid detail Drawing on official army reports and archaeological evidence this volume offers the most authoritative account available

The Wagon Box Fight Jerry Keenan, 1972 The U S Army erases the stigma and humiliation of the Fetterman Fight disaster on December 21 1866 with an encounter on August 2 1867 known as Wagon Box Fight **A Cycle of the West** John Gneisenau Neihardt, 2018-08-01 A Cycle of the West rewards its readers with a sweeping saga of the American West and John G Neihardt s exhilarating vision of frontier history It is infused with wonder nostalgia and a keen appreciation of epic history Unquestionably the masterpiece of the poet who has been called the American Homer A Cycle of the West celebrates the land and legends of the Old West in five narrative poems The Song of Three Friends 1919 The Song of Hugh Glass 1915 The Song of Jed Smith 1941 The Song of the Indian Wars 1925 and The Song of the Messiah 1935 This unforgettable epic of discovery conquest courage and tragedy speaks movingly and resoundingly of a unique American experience The new introduction by former Texas poet laureate Alan Birkelbach and annotations by Joe Green present fresh views of Neihardt s iconic work Warpath Stanley Vestal, Nephew to Sitting Bull chief of the Sioux Pte San Hunka White Bull was a famous warrior in his own right He had been on the warpath against whites and other Indians for more than a decade when he fought the greatest battle of his life On the afternoon of June 25 1876 five troops of the U S Seventh Cavalry under the command of George Armstrong Custer rode into the valley of the Little Big Horn River confidently expecting to rout the Indian encampments there Instead the cavalry met the gathered strength of Sioux and Cheyenne warriors who did not run as expected but turned the battle toward the soldiers White Bull charged again and again fighting until the last soldier was dead The battle was Custer s Last Stand and White Bull was later referred to as the warrior who killed Custer In 1932 White Bull related his life story to Stanley Vestal who corroborated the details from other sources and prepared this biography All that I told him is straight and true said White Bull His story is a matchless account of the life of an Indian warrior

nightblazebooks.com with any questions Please read this entire description and the notes at the end Yellowstone National Park is the focal point of Wyoming however there is so much more if you know where to look Hidden gems like badlands and petroglyphs can be found in the plains and valleys and with 15 mountain ranges over 9 000 ft Wyoming is hardly the boring prairie that many people envision Even where the plains seem unspectacular there is a rich history along pioneer trails that served as the gateway to the west throughout the 19th century This book identifies ALL of this and is simply a book you should not be without Most Wyoming travel guides are written to explore a specific subject or location but it would take a stack of books to cover the state for all subjects Think of these books as a mile wide and 100 miles deep This remarkable guide on the other hand has most everything in the entire state laid out by the highway mile markers so you will always know what is ahead and exactly how to get there This book covers National Parks and Monuments State Parks sightseeing camping picnicking hiking historical sites archaeological sites rest areas RV dumps and general points of interest The book has over 1900 entries so think of it as 100 miles wide and 10 miles deep enough information to get around but not an overload of information to wade through Without a book like this putting together a trip across the state requires a great commitment of time and effort The author knows this because he has done it many times In order to provide massive amounts of information into a book of reasonable size and cost first off the book it is not a pocket guide but instead is full A4 paper size measuring 8 3 x 11 7 x 0 5 inches If this was a pocket guide it would be well over a thousand pages Secondly the book is laid out in a clear and concise report style format The descriptions are brief and to the point and not filled with colorful adjectives Instead the book uses a simple 5 star Cool Rating to convey the author's opinion of the impressiveness of each attraction In addition the first two lines for each attraction provide the mileage GPS coordinates elevation which entity owns the land and a grid system that corresponds to the maps in the book or can locate the attraction on any map The detailed directions are also condensed to generally fit on a single line Just to put a final point on the amount of information in this book the index is extracted directly from the book itself and therefore is so comprehensive that it contains over 2 300 entries So don't think of whether you should buy this book or that book this book stands on its own or as the ultimate companion book to any other Wyoming travel book It will pay for itself many times over in time and fuel savings If you put it in perspective the price of the book is around what it costs to operate a vehicle for about 30 miles maybe 10 or 20 in a big RV pretty insignificant Complete coverage of Yellowstone National Park Grand Teton National Park Devils Tower National Monument Fossil Butte National Monument Bighorn Canyon National Recreation Area Fort Laramie National Historic Site Medicine Lodge State Archaeological Site Snowy Range Bighorn Mountains Wind River Mountains Sinks Canyon State Park Guernsey State Park Glendo State Park Keyhole State Park Green River Lakes Casper Mountain Park Jackson Hole and much more NOTES Because grayscale photos never do justice to things of beauty the book contains no photos However dozens of color photos can be seen on the book website wyomingroadtripbythemilemarker.com [A Cycle of the West, Bison Classic Annotated](#)
