Two For Jack Spicer:

Two for Jack Spicer Stephen Jonas, 1974 *My Vocabulary Did This to Me* Jack Spicer, 2008-11-30 An essential collection of a highly original American poet **After Lorca** Jack Spicer, 2021-05-11 Out of print for decades this is the legendary American poet's tribute to Federico Garcia Lorca including translations of the great Spanish poet's work Jack Spicer was one of the outstanding figures of the mid twentieth century San Francisco Renaissance bent on fashioning a visionary new lyricism Spicer called his poems dictations and they combine outrageous humor acid intelligence brilliant wordplay and sheer desolation to incandescent effect Frankly I was quite surprised when Mr Spicer asked me to write an introduction to this volume writes the dead Federico Garcia Lorca at the start of *After Lorca* Spicer's first book and one that since it originally appeared in 1957 has exerted a powerful influence on poetry in America and abroad It must be made clear at the start that these poems are not translations Lorca continues In even the most literal of them Mr Spicer seems to derive pleasure in inserting or substituting one or two words which completely change the mood and often the meaning of the poem as I had written it More often he takes one of my poems and adjoins to half of it another of his own giving rather the effect of an unwilling centaur Modesty forbids me to speculate which end of the animal is mine Finally there are an almost equal number of poems that I did not write at all one supposes that they must be his What so puzzles Lorca continues to delight and inspire readers of poetry today *Contemporary Olson* David Herd, 2016-05-16 As poet critic theorist and teacher Charles Olson extended the possibilities of modern writing From *Call Me Ishmael* his pioneering study of Herman Melville to his epic poetic project *The Maximus Poems* Olson probed the relation between language space and community Writing in the aftermath of the Second World War he provided radical resources for the re-imagining of place and politics resources for collective thought and creative practice we are still learning how to use Re-situating Olson's work in relation both to his own moment and to current concerns the essays assembled in *Contemporary Olson* provide a major re-assessment of his place in postwar poetry and culture Through a series of contextualising chapters discussions of individual poems and reflections on Olson's legacy by leading international writers and critics the book presents a poet who still informs contemporary poetry whose thought and compositional innovations continue to provoke Remote as some of his fascinations must now seem Olson is shown nonetheless to offer a poetry and poetics that speaks clearly to our own fraught historical moment *Contemporary Olson* opens this major writer to new readings and new readers *In the Air* Anthony Caleshu, 2017-12-05 This first critical book of essays on the poetry of Peter Gizzi shows how his work extends the traditions of nineteenth and twentieth century modernism while also reclaiming the living presence of the lyric in its capacity to sing of the human predicament Gizzi is author of seven critically acclaimed books of poetry including most recently *Threshold Songs* and *Archeophonics* a finalist for the National Book Award in 2016 Lauded contributors including Ben Lerner Michael Snediker Marjorie Perloff and Charles Altieri explore Gizzi's poetry for its embodiment of an American tradition extending the poetics of Whitman Dickinson and

Stevens amongst others while also exhibiting a twenty first century sensibility perpetuating a new grammar and syntax to capture our place in the world today Each essayist in turn works through close readings of some of the most important poems of our times enriching our understanding of a poetry of the mind which never loses track of what it means to feel Hardcover is un jacketed

The Dark End of the Street Maria Damon,1993 *Reading and Writing through Auden* Dennis Lewis,2025-09-24 This book consists of three main parts first close readings and critical analyses of four major poetical works by W H Auden The Watershed The Sea and the Mirror New Year Letter and In Time of War secondly ten semi informal letters addressed to W H Auden and thirdly a sequence of short and long poems which adapt the life and speeches of a major public figure in U S politics The issues raised in the first part poetic voice the lyric subject public rhetoric and parabolic writing are elaborated on in the correspondence with W H Auden The book proposes a creative writing discipline founded on self mentorship the productive and intensive exchange between creative close reading and writing as well as reflection through letter writing to an imaginary poetic mentor Modelled partly on Auden s own poetic reading practise through its imaginary correspondence the book presents a reading practise closely attuned to the world making possibilities of poetry Its aim is to probe the extent to which the mentor s world can be made amenable to the contemporary creative writing apprentice s needs The book addresses some key themes in contemporary literature and poetics place belonging the multiplicity of contemporary identities poetic truth and catastrophe and the lyric subject This book will interest scholars teachers and students of literature and poetics as well as creative writers particularly those grappling with remote creative writing degree programmes

Poor Jack. [2 issues]. Frederick Marryat,1883 **Manroot** Paul Mariah,Richard Tagett,1973 **Being Numerous** Oren Izenberg,2011-01-03 Because I am not silent George Oppen wrote the poems are bad What does it mean for the goodness of an art to depend upon its disappearance In Being Numerous Oren Izenberg offers a new way to understand the divisions that organize twentieth century poetry He argues that the most important conflict is not between styles or aesthetic politics but between poets who seek to preserve or produce the incommensurable particularity of experience by making powerful objects and poets whose radical commitment to abstract personhood seems altogether incompatible with experience and with poems Reading across the apparent gulf that separates traditional and avant garde poets Izenberg reveals the common philosophical urgency that lies behind diverse forms of poetic difficulty from Yeats s esoteric symbolism and Oppen s minimalism and silence to O Hara s joyful slightness and the Language poets rejection of traditional aesthetic satisfactions For these poets what begins as a practical question about the conduct of literary life what distinguishes a poet or group of poets ends up as an ontological inquiry about social life What is a person and how is a community possible In the face of the violence and dislocation of the twentieth century these poets resist their will to mastery shy away from the sensual richness of their strongest work and undermine the particularity of their imaginative and moral visions all in an effort to allow personhood itself to emerge as an undeniable fact making an
