## **Vrag Gosudarstva:**

**Militant Right-Wing Extremism in Putin's Russia** Miroslav Mareš, Martin Laryš, Jan Holzer, 2018-10-25 Militancy continues to be characteristic of many supporters of the Russian far right encompassing a belligerent rhetoric a strong perception of participants as political warriors and often the use of physical violence How serious a threat does Russian militant right wing extremism pose to Russia and the World and how has the level of threat changed over time This book addresses this question by exploring right wing extremism in Russia its historical context and its resurgence over the past thirty years Outlining the legacies and forms presented by current right wing extremism with a particular focus on militant extremism it employs a historical descriptive method to analyse the threats and risks posed Presented within the framework of research on extremism and political violence related to the Russian political thought the book outlines the key criteria of identifying threats such as the level of violence ability to gain supporters and penetration of governing elites Primarily aimed at researchers and academics in political science extremism security studies and the history of Russia and Eastern Central and South East Europe this book will also be of interest to political journalists and practitioners in international security

**Foreign Fighters and the Extreme Right** Daniel Koehler, Miroslav Mareš, 2025-10-29 Foreign Fighters and the Extreme Right is the first comprehensive academic study taking an in depth look at white supremacists neo Nazis and other right wing extremists leaving their home countries to join armed groups fighting in civil wars and other armed conflicts The phenomenon known as Foreign Fighters has so far mainly been looked at in the context of Jihadist groups like ISIS recruiting fighters from all over the world for the Syrian and Iraqi conflicts Widely unnoticed the war ongoing in Ukraine has also resulted in a stream of foreign recruits but with a totally different ideology Right wing extremists from many countries have travelled to Ukraine in order to take part in the armed conflict against Russia Many have already returned to their countries of origin mostly unnoticed and unhindered by law enforcement agencies Looking more carefully one also can see a much longer history of right wing extremist foreign fighting in various conflicts for example the Yugoslavian war the Algerian conflict and in South America in the aftermath of the Vietnam war Bringing together world leading experts on right wing extremism and terrorism this collection of extreme right wing foreign fighting case studies since the end of the Second World War sheds light on a topic with significant importance which has yet remained mostly in the dark This book will be of interest to all those with an interest in small wars terrorism peace and conflict studies and right wing extremism

**Pro-Russian Organizations in Poland after 1986** Przemysław Witkowski, 2025-11-13 This book shows how for 35 years Russia has been supporting its agents of influence and allies in a seemingly highly hostile society Poland Conspiracy narratives ideological harmony and old alliances from the period of the Eastern Bloc are primarily the glue that binds the Russian network of influence In depth journalistic investigations spy trials and embarrassing email leaks here you can find many answers to how Moscow works when it wants to influence the political situation in third countries in this case Poland The Polish case study of

the pro Russian camp shows how the Kremlin operates in NATO's eastern flank wanting to increase political polarization supporting radicalism and strengthening the message of extremists from both the right and the left This book tells us what political circles Moscow's Polish allies come from their goals and their beliefs It also shows their international alliances outlining the Russian network of influence in the European Union and more broadly The author also tries to impose on this set of political entities a network of concepts doctrines and theories the Moscow center uses to show permanent mechanisms of action As a result this book ceases to be just a case study of Poland and becomes a much more helpful study allowing the use of patterns obtained from many years of research summarized in this publication to understand Russia's influence in other regions Having examined the reasons for cooperation with Russia ideological geopolitical and historical in a country as reluctant to form alliances as Poland and understanding the mechanisms of selection and influence on such actors by the Kremlin we can transfer this knowledge to understand the pattern to other countries It will be of interest to researchers of Russian and Polish politics right wing nationalism and hybrid warfare

*The National Union Catalog*, 1961    **National Union Catalog**, 1978 Includes entries for maps and atlases    *East/West Education*, 1997    **Monthly Index of Russian Accessions** Library of Congress. Processing Department, 1969    **Author - Title Catalog** University of California, Berkeley. Library, 1963    **Stalin In Power** Robert C Tucker, 1992-05-05 Explains the motivations personality and actions of the man under whose rulership millions of Russians perished    **The Library Catalogs of the Hoover Institution on War, Revolution, and Peace, Stanford University** Hoover Institution on War, Revolution, and Peace, 1969    **Online Terrorist Propaganda, Recruitment, and Radicalization** John R. Vacca, 2019-07-30 Online Terrorist Propaganda Recruitment and Radicalization is most complete treatment of the rapidly growing phenomenon of how terrorists online presence is utilized for terrorism funding communication and recruitment purposes The book offers an in depth coverage of the history and development of online footprints to target new converts broaden their messaging and increase their influence Chapters present the emergence of various groups the advancement of terrorist groups online presences their utilization of video chat room and social media and the current capability for propaganda training and recruitment With contributions from leading experts in the field including practitioners and terrorism researchers the coverage moves from general factors to specific groups practices as relate to Islamic State of Iraq and the Levant ISIL and numerous other groups Chapters also examine the lone wolf phenomenon as a part of the disturbing trend of self radicalization A functional real world approach is used regarding the classification of the means and methods by which an online presence is often utilized to promote and support acts of terrorism Online Terrorist Propaganda Recruitment and Radicalization examines practical solutions in identifying the threat posed by terrorist propaganda and U S government efforts to counter it with a particular focus on ISIS the Dark Web national and international measures to identify thwart and prosecute terrorist activities online As such it will be an invaluable resources for intelligence professionals terrorism and counterterrorism professionals those researching terrorism funding

and policy makers looking to restrict the spread of terrorism propaganda online

**In the Name of the Nation** M. Laruelle, 2009-10-26 This book deconstructs the equation of nationalism with the extreme right in Russia Nationalism now extends throughout all of the country and can not be seen as a phenomenon confined to the margins of society This study rejects the interpretation that understands Kremlin backed patriotism as simply part of a fascist trend in Russia and as a rapprochement between the political authorities and the extreme right A simplistic analysis of such a paradoxical phenomenon addresses neither the basic issue of social consensus nor that of the inherent relationship between national identity and citizenship The National Union Catalog, Pre-1956 Imprints Library of Congress, American Library Association. Committee on Resources of American Libraries. National Union Catalog Subcommittee, 1969

**Plans For Stalin's War Machine** Lennart Samuelson, 2000-01-02 Analyzes military dimensions of Soviet long term economic and military reconstruction plans from the mid 1920s until 1941

**Ethno-Nationalism, Islam and the State in the Caucasus** Moshe Gammer, 2007-10-22 The region of the Caucasus with its ongoing and even deteriorating crises and instability and its critical strategic and economic importance is increasingly at the focus of the world's attention This book discusses the complexities and interplay among important forces at work in the region including different brands of Islam nationalisms ethnic identities local bureaucracies Moscow's policies and influences from the outside The Library of Congress Author Catalog Library of Congress, 1953 Der Marshall-Plan und die europäische Linke Othmar Nikola Haberl, Lutz Niethammer, 1986

**Berliner Titeldrucke. Neue Folge. Jahreskatalog** Deutsche Staatsbibliothek, 1955

*Left History*, 1999 **Widener Library Shelflist: Slavic history and literatures** Harvard University. Library, 1971

Thank you unconditionally much for downloading **Vrag Gosudarstva**. Maybe you have knowledge that, people have seen numerous times for their favorite books behind this Vrag Gosudarstva, but end stirring in harmful downloads.

Rather than enjoying a good PDF afterward a mug of coffee in the afternoon, then again they juggled in the manner of some harmful virus inside their computer. **Vrag Gosudarstva** is reachable in our digital library an online permission to it is set as public correspondingly you can download it instantly. Our digital library saves in multipart countries, allowing you to get the most less latency times to download any of our books when this one. Merely said, the Vrag Gosudarstva is universally compatible once any devices to read.
