A leading figure in the Indian Space painting movement of the late 1940s Barnet stressed the spatial structures of Northwest  
Coast Indian art Throughout the 1950s and into the 1960s he made a series of hardedged totemic abstractions marked by  
their all positive space which he described as austere classical expressions of Indian culture He then moved on to new art  
forms in the 1960s and 1970s creating a series of family and art world portraits that achieved a remarkable balance between  
the formal demands of abstraction and the humanist aspects of representation Will Barnet A Timeless World is the first  
substantial publications to unify Barnet s prodigious output Art historian Gail Stavitsky provides an overview of this artist s  
entire career Twig Johnson the museum s curator of Native American Art discusses the relationship of Barnet s work to this
