Witness Intimidation:

Witness Intimidation Michael H. Graham, 1985-05-24 Michael H. Graham argues that to meet the problem of witness intimidation squarely the system must eliminate the possibility of intimidation by preserving the victim's or eyewitness's testimony in a form admissible at trial. To do this the legal profession must develop procedures to preserve prior out-of-court statements and to admit such statements as substantive evidence if the witness is deemed sufficiently trustworthy. Finally, Graham advances a new proceeding, the preservation proceeding, that would permit the prosecutor to bring a witness before a judge, magistrate, or specially appointed attorney for the express purpose of recording and preserving the witness's testimony. *Victim and Witness Intimidation* Kerry Murphy Healey, 1995

Witness Protection and Criminal Justice in Africa Suzzie Oyakhire, 2023-06-30 This book examines the concept of witness protection which is still at an early developmental stage in several African countries including Nigeria from a legal and institutional perspective. Recent developments in Nigeria highlight the need to clarify legal and conceptual issues within the existing legal framework for protecting witnesses. Using the Nigerian case study, the book illustrates some obscurities inherent in the concept of witness protection. These are highlighted around five critical areas: the definition of witness protection, the scope of beneficiaries requiring protection, the nature of crimes necessitating protection, the nature of protective measures, and the administrative control of witness protection. Specifically, this book draws from the existing literature and practices of witness protection and adopts two distinct perspectives: the criminal justice perspectives and human rights perspectives as heuristic tools for analysing the concept and to separate the disparate influences that shape how it is construed. These distinctions are utilised throughout the book as an integrated way of conceptualising the concept of witness protection. By discussing the practice of witness protection within the Nigerian context, the book contributes to African conversations on the topic of witness protection. The clarifications made in this book are utilised in making normative proposals for developing a legal framework for witness protection in Nigeria. They are also useful for other African countries interested in developing a witness protection framework as part of criminal justice reform. This book will serve as a reference point for legal scholars, researchers, academics, postgraduate students, and policy makers interested in the concept of witness protection. It would also be useful for courses concerned with comparative criminology where there is an interest in developments in the Global South.

Encyclopedia of Race and Crime Helen Taylor Greene, Shaun L. Gabbidon, 2009-04-14 The organization of the reader's guide, especially the groupings of landmark cases, race riots, and criminology theories, is impressive. Other related titles lack the breadth, detail, and accessibility of this work. Recommended for all libraries; essential for comprehensive social studies collections. *Library Journal*. As seen almost daily on local and national news, race historically and presently figures prominently in crime and justice reporting within the United States in the areas

of hate crimes racial profiling sentencing disparities wrongful convictions felon disenfranchisement political prisoners juveniles and the death penalty and culturally specific delinquency prevention programs The Encyclopedia of Race and Crime covers issues in both historical and contemporary context with information on race and ethnicity and their impact on crime and the administration of justice These two volumes offer a greater appreciation for the similar historical experiences of varied racial and ethnic groups and illustrate how race and ethnicity has mattered and continues to matter in the administration of American criminal justice Key Features Covers a number of broad thematic areas basic concepts and theories of criminal justice the police courts and corrections juvenile justice public policy the media organizations specific groups and populations and specific cases and biographies Addresses such topics as gender hate bias crimes immigrant experiences international and cross cultural issues race and gangs and race and law Presents experiences of all major racial and ethnic groups in the U S including Asians Blacks Latinos Native Americans and Ethnic Whites as well as religious minorities such as Muslims Includes coverage of recent incidents like the alleged rape of a black female North Carolina Central University student by white male members of the Duke University Lacrosse Team the Jena 6 incident the Tulia Texas drug arrests the Rodney King beating the O J Simpson trials in the 1990s and more recent racial profiling incidents Two appendices provide information on locating and interpreting statistical data on race and crime as well as detailed instructions on how to access statistical data on the web for such specific areas as arrests drugs gang membership hate crimes homicide trends juvenile justice prison populations racial profiling the death penalty and victimization Because the topic of race and crime is of wide interest and relevance entries in this Encyclopedia are written in an accessible style to appeal to a broad audience making it a welcome addition to academic and public libraries alike *United States Attorneys Bulletin* ,2003

Confronting Failures of Justice Paul H. Robinson, Jeffrey Seaman, Muhammad Sarahne, 2024-08-06 Most murderers and rapists escape justice a horrifying fact that has gone largely unexamined until now This groundbreaking book tours nearly the entire criminal justice system examining the rules and practices that regularly produce failures of justice in serious criminal cases Each chapter outlines the nature and extent of justice failures in present practice describing the interests at stake and providing real world examples Finally each chapter reviews proposed and implemented reforms that could balance the competing interests in a less justice frustrating manner and recommends one sometimes completely original reform to improve the system A systematic study of justice failures is long overdue As this book discusses regular failures of justice in serious criminal cases undermine deterrence and the criminal justice system s credibility with the community as a moral authority The damage caused by unpunished crime is immense and even worse falls primarily on vulnerable minority communities Now for the first time students researchers policymakers and citizens have a resource that explains why justice failures occur and what can be done about them *Confronting Failures of Justice* is accessible for use by college freshman through graduate students and law students and is designed to be main text for a course on justice failures but it could be

used in conjunction with other texts in a broad range of courses touching on criminal justice It presents arguments in a highly organized fashion and provides dozens of case studies many with photographs to gain student interest and to bring the academic discussions to life

Protecting Intimidated Witnesses Nicholas R. Fyfe,2001 Since the early 1990s concern has grown about the harassment and intimidation of prosecution witnesses and as a result several police forces have set up specialist units to protect witnesses under threat This is the first ever book to offer an in depth analysis of a witness protection programme Including interviews with both protected witnesses and police officers involved it examines the structure cost and effectiveness of such schemes and suggests how they might be expanded and developed at local national and international levels
