The Country Doctor Country Library:

A Country Doctor and the Epidemics Steven D. Helgerson, Can a country doctor alter the fate of his patients Or his own fate In mid October 1918 the largest epidemic of the 20th Century struck in a small eastern Montana town Within a few weeks influenza had killed dozens of people in the rural county But this was just one of a series of extraordinary events attacking the social fabric of the community in 1917 and 1918 The United States entered World War I The patriotic county provided abundant grain as well as troops to fuel the war Patriotism was accompanied by an epidemic of sedition charges and convictions One summer part of the town burned and the next summer the entire town was flooded And disease including smallpox diphtheria and scarlet fever disrupted many lives Rich in detail broad in scope this story places a fictional physician in the midst of the riveting events of those years The physician grieves the death of his wife and unborn child He is deeply troubled by the limitations of medical science Then he is tragically enveloped by yet another epidemic What is the fate of this country doctor
