Four Walls and a Roof Reinier de Graaf, 2017-09-25 A Financial Times Best Book of the Year A Guardian Best Architecture Book of the Year Sharp revealing funny The Guardian An original and even occasionally hilarious book about losing ideals and finding them again De Graaf deftly shows that architecture cannot be better or more pure than the flawed humans who make it The Economist Architecture we like to believe is an elevated art form that shapes the world as it pleases Four Walls and a Roof turns this fiction on its head offering a candid account of what it's really like to work as an architect Drawing on his own tragicomic experiences in the field Reinier de

Graaf reveals the world of contemporary architecture in vivid snapshots from the corridors of wealth in London Moscow and Dubai to the demolished hopes of postwar social housing in New York and St Louis We meet ambitious oligarchs developers for whom architecture is nothing more than an investment and layers of bureaucrats consultants and mysterious hangers on who lie between any architect s idea and the chance of its execution This is a book about power money and influence and architecture s complete lack of any of them Witty insightful and funny it is a sometimes painful dissection of a profession that thinks it is still in control Financial Times This is the most stimulating book on architecture and its practice that I have read for years Architects Journal
