*Third Reich Victorious* Peter Tsouras,2007-12-26 This book is a stimulating and entirely plausible insight into how Hitler and his generals might have defeated the Allies and a convincing sideways look at the Third Reich s bid at world domination in World War II What would have happened if for example the Germans captured the whole of the BEF at Dunkirk Or if the RAF had been defeated in the Battle of Britain What if the U Boats had strangled Britain with an impregnable blockade if Rommel had been triumphant in North Africa or the Germans had beaten the Red Army at Kursk The authors writing as if these and other world changing events had really happened project realistic scenarios based on the true capabilities and circumstances of the opposing forces Third Reich Victorious is a spirited and terrifying alternate history and a telling insight into the dramatic possibilities of World War II

**Third Reich Victorious** Peter Tsouras,2002 Dynamic alternate history of how the Germans might have won ten convincing scenarios real events given an alternate spin This book is a stimulating and entirely plausible insight into

how Hitler and his generals might have defeated the Allies and a convincing sideways look at the Third Reich's bid at global domination in World War II. What would have happened if for example the Germans had managed to capture the whole of the BEF at Dunkirk? Or if the RAF had been defeated in the Battle of Britain? What if the Red Army had really been shattered in the summer of 1941 or if Axis forces had achieved the conquest of North Africa? Imagine the terrible possibilities presented to Germany had Turkey decided to join the Axis or if Hitler's minions had been able to produce an atomic bomb. The authors writing as if these and other world-changing events had really happened project realistic scenarios based on the true capabilities and circumstances of the opposing forces. Jacket **The World Hitler Never Made** Gavriel D. Rosenfeld, 2005-05-23

A fascinating 2005 study of the place of alternate histories of Nazism within Western popular culture

**The Battle of Britain in the Modern Age, 1965-2020** Garry Campion, 2019-09-26 The Battle of Britain has held an enchanted place in British popular history and memory throughout the modern era. Its transition from history to heritage since 1965 confirms that the 1940 narrative shaped by the State has been sustained by historians, the media, popular culture and through non-governmental heritage sites often with financing from the National Lottery Heritage Lottery Fund. Garry Campion evaluates the Battle's revered place in British society and its influence on national identity, considering its historiography and revisionism, the postwar lives of the Few, their leaders and memorialization, its depictions on screen and in commercial products, the RAF Museum's Battle of Britain Hall, third sector heritage attractions and finally fighter airfields including RAF Hawkinge as a case study. A follow-up to Campion's *The Battle of Britain 1945-1965* Palgrave 2015, this book offers an engaging, accessible study of the Battle's afterlives in scholarship, memorialization and popular culture. Hitler Triumphant Peter G. Tsouras, 2011-08-22

Edited by the author of *Disaster at D Day*, a collection of alternative histories that force readers to consider what could happen if the Nazis won World War II. Based on a series of fascinating what-ifs posed by leading military historians, this compelling new alternate history reconstructs the moments during the Second World War that could conceivably have altered the entire course of the war and led to a German victory. Based on real battles, actions and characters, each scenario has been carefully constructed to reveal how at points of decision a different choice or minor incident could have set in motion an entirely new train of events, altering history forever. Scenarios in this volume include the fall of Malta in 1942 and the likely consequences and the possibility of Halifax making peace with Hitler. Contributors include John Prados, editor of *The White House Tapes*; Eavesdropping on the President; David Isby, editor of *Fighting the Invasion*; and The Luftwaffe Fighter Force; and Nigel Jones, author of *The War Walk* and Rupert Brooke, *Life, Death and Myth*. Praise for *Hitler Triumphant*: An entertaining work of counter-factual history with some thought-provoking material on the overall course of the war. *History of War*. The analysis of battle strategy and military might makes for a top pick for military readers seeking more than fantasy speculation. *Midwest Book Review*. *Third Reich Victorious* Peter G. Tsouras, 2016-11-30 War is a deadly game of chance where a single detail or decision can have far-reaching consequences. What if Hitler's generals had

captured the cream of the British Expeditionary Force at Dunkirk What if Turkey had sided with Germany and smashed through Russias back door to claim the prized Caucasus oil fields What if Rommel had driven the British back into the sea on D Day and the Luftwaffe had defeated the RAF in the Battle of Britain The Allies could have lost the Second World War in many ways and ten noted historians show clearly how in this collection of fascinating provocative scenarios based on meticulous research By turns gripping and chilling Third Reich Victorious offers a fresh insight into the vagaries of war that can make all the difference between the victor and the vanquished **Cold War Hot** Peter G. Tsouras,2011-10-19 It was in the Third World that the ambitions and fears of the two Cold War superpowers were played out v Korea Vietnam Egypt and Syria Afghanistan In their bizarre way these were carefully controlled wars carefully controlled in the sense that neither great power allowed itself to become directly engaged in a hot war with the other Equally neither allowed itself to go for broke in a grand sweep across the Third World in fear of provoking that final confrontation But this fear of direct confrontation was never as rigidly controlled as one would think Again and again events veered towards a clash between Eagle and Bear The authors of this book make real such terrifying possibilities as Korea or the 67 War dragging in both superpowers they predict the consequences of the United States or the Soviet Union attempting radical strategies in Vietnam or in a divided Germany either to follow the British success in Malaya or to invade the North they imagine the invasion of Cuba when the delicate signals failed to find a way out of the Missile Crisis and bring to life a scenario in which the Soviet Union knocks the Great Game off the board by using Afghanistan as base to bring down Pakistan and achieve its warm water port on the Indian Ocean Cold War Hot vividly brings to life these and many other alternate scenarios taking the reader behind the scenes at these momentous moments in history In showing what could have happened the authors show how precarious the Cold War peace actually was and how little it would have taken to tip the balance into World War Three

stronger and better led What if the Army of the Potomac had been commanded by a more aggressive counter attacker than Meade Gettysburg presents some of these possibilities as though they were the reality and explores the impact they would have on the battle and on the course of the war The alternate events are anchored firmly in the context of the actual events and are all within the scope of what was genuinely possible     **The Engineer of Human Souls** Josef Škvorecký,1984
