Bullets and Fire Guy Lancaster,2018-01-01 Bullets and Fire is the first collection on lynching in Arkansas exploring all corners of the state from the time of slavery up to the mid twentieth century and covering stories of the perpetrators victims and those who fought against vigilante violence Among the topics discussed are the lynching of slaves the Arkansas Council of the Association of Southern Women for the Prevention of Lynching the 1927 lynching of John Carter in Little Rock and the state s long opposition to a federal anti lynching law Throughout the work reveals how the phenomenon of lynching as the means by which a system of white supremacy reified itself with its perpetrators rarely punished and its defenders never condemned served to construct authority in Arkansas Bullets and Fire will add depth to the growing body of literature on American lynching and integrate a deeper understanding of this violence into Arkansas history

Hopkins,1982-03 The Second Coming of Christ has been prophesied many times through the centuries but seldom by a figure so fascinating as Joanna Southcott 1750 1814 the domestic servant who at the age of forty two declared that God had chosen her to announce His return A Woman to Deliver Her People is the most comprehensive study of this remarkable woman and her movement yet written Dramatic social and political changes of the late eighteenth century among them the revolutions in America and France had a profound effect on the attitudes of English men and women at all levels of society With events so far outside the range of ordinary experience both the educated and the uneducated turned to the prophetic books of the Bible seeking solace and explanation A number of prophets and prophetesses appeared claiming to have a special understanding of the biblical texts and offering startling new revelations which had been disclosed to them by God The greatest and most influential of these was Joanna Southcott who attracted tens of thousands of followers from the West Country London the Midlands and the industrial North Her spiritual communications filled some sixty five books and pamphlets from 1801 until her death Most contemporary observers dismissed Southcott as a fanatic and she was frequently the subject of caricature and ridicule James Hopkins attempts to remedy this distortion by examining Southcott's life and the millenarian movement she led within the context of the social political and economic crises of the period By tracing the psychological and popular roots of Southcott's

piety and casting her appeal against the backdrop of a revolutionary age Hopkins not only vividly portrays the life of this fascinating woman but also offers a new perspective on the mentality of ordinary English men and women during the years of their transformation into a working class The Carolina Club Boy ,1926 House documents ,1878 **The Journal of the Senate During the ...
