

A TROUBLED FEAST
AMERICAN SOCIETY SINCE 1945

WILLIAM E. LEUCHTENBURG
UPDATED EDITION

Troubled Feast Updated

Heinrich August Wilhelm Meyer

Troubled Feast Updated:

A Troubled Feast; American Society Since 1945 William Edward Leuchtenburg, 1973 **The Motel in America** John A. Jakle, Keith A. Sculle, Jefferson S. Rogers, 1996 In the second volume of the acclaimed Gas Food Lodging trilogy authors John Jakle Keith Sculle and Jefferson Rogers take an informative entertaining and comprehensive look at the history of the motel From the introduction of roadside tent camps and motor cabins in the 1910s to the wonderfully kitschy motels of the 1950s that line older roads and today's comfortable but anonymous chains that lure drivers off the interstate Americans and their cars have found places to stay on their travels Motels were more than just places to sleep however They were the places where many Americans saw their first color television used their first coffee maker and walked on their first shag carpet Illustrated with more than 230 photographs postcards maps and drawings *The Motel in America* details the development of the motel as a commercial enterprise its imaginative architectural expressions and its evolution within the place product packaging concept along America's highways As an integral part of America's landscape and culture the motel finally receives the in depth attention it deserves **Bad Old Days** Alan J. Levine, 2017-07-28 For many especially those on the political left the 1950s are the bad old days The widely accepted list of what was allegedly wrong with that decade includes the Cold War McCarthyism racial segregation self-satisfied prosperity and empty materialism The failings are coupled with ignoring poverty and other social problems complacency conformity the suppression of women and puritanical attitudes toward sex In all the conventional wisdom sees the decade as bland and boring with commonly accepted people paralyzed with fear of war Communism or McCarthyism or all three Alan J Levine shows that the commonly accepted picture of the 1950s is flawed It distorts a critical period of American history That distortion seems to be dictated by an ideological agenda including an emotional obsession with a sentimentalized version of the 1960s that in turn requires maintaining a particular misleading view of the post World War II era that preceded it Levine argues that a critical view of the 1950s is embedded in an unwillingness to realistically evaluate the evolution of American society since the 1960s Many and not only liberals and those further to the left desperately desire to avoid seeing or admitting just how badly many things have gone in the United States since the 1960s *Bad Old Days* shows that the conventional view of the 1950s stands in opposition to the reality of the decade Far from being the dismal prelude to a glorious period of progress the postwar period of the late 1940s and 1950s was an era of unprecedented progress and prosperity This era was then derailed by catastrophic political and economic misjudgments and a drastic shift in the national ethos that contributed nothing or less than nothing to a better world *The Student's Concordance to the Revised Version, 1881, of the New Testament of Our Lord and Saviour Jesus Christ*, 1882

The student's concordance to the Revised version, 1881, of the New Testament, 1883 **The Carter Presidency** Gary M. Fink, Hugh Davis Graham, 1998 After the Nixon and Ford administrations liberal Democrats hoped Jimmy Carter's election in 1976 would restore the New Deal agenda in the White House Instead during four tumultuous years in office Carter

endorsed many of the fiscal and economic policies later espoused by his Republican successor Ronald Reagan But Carter also backed most New Deal social programs and however reluctantly pursued a traditional containment foreign policy In this book more than a dozen eminent scholars provide a balanced overview of key elements of Carter s presidency examining the significance of his administration within the context of evolving American policy choices after World War II They seek not only to understand the troubled Carter presidency but also to identify the changes that precipitated and accompanied the demise of the New Deal order By the time Carter took office many Americans had become disenchanted with big government and welfare spending and his presidency is viewed in these pages as a transitional administration As this volume demonstrates Carter s dilemma emerged from his effort to steer a course between traditional expectations of federal government and new political and economic realities While most of the contributors agree that his administration may be justly criticized for failing to find that course they generally conclude that Carter was more successful than his critics acknowledge These thirteen original essays cover such topics as the economy trade and industrial policies welfare reform energy environment civil rights feminism and foreign policy They offer thoughtful assessments of Carter s performance focusing on policy both as cause and effect of the post industrial transformation of American society that shadowed his administration A final essay shows how Carter s public spirited post presidential career has made him one of America s greatest ex presidents Grounded on research conducted at the Carter Library The Carter Presidency is an incisive reassessment of an isolated Democratic administration from the vantage point of twenty years It is a milestone in the historical appraisal of that administration inviting us to take a new look at Jimmy Carter and see what his presidency represented for a dramatically changing America

Program of the ... Annual Meeting Organization of American Historians. Meeting,1983

Moving on George Moss,1994

Victims and Values Joseph A. Amato,David Monge,1990-11-21 Victims and Values joins history and ethics conducting a timely inquiry into conscience and politics Mindful of William James s notion that ethics must be grounded in the historical situation this book examines fundamental ambiguities dichotomies and contradictions that we experience about the worth of our own suffering and that of others In particular it analyzes how victims make a powerful claim upon contemporary conscience and politics Amato distances himself equally from those who deny suffering all substantive meaning and those who fashionably transform it into self righteous identities and political rhetorics and ideologies Amato s hope is that each person will be able to take measure of the suffering of others while still remaining able to value his own suffering After distinguishing pain from suffering Amato starts his work with the assumption that humanity must interpret and give meaning to its pains and sufferings Amato examines the fundamental place of suffering sacrifice and victims in Greek and Christian cultures Reaching the central object of his study the modern mind Amato shows how the reformist world view of the eighteenth century philosopher sought to reduce suffering to a matter of rational calculation and how the progressive views of the nineteenth century dedicated the most profound energies of society

and state to the elimination of human suffering Ironically in the twentieth century this resulted in an increasingly hedonistic society that is preoccupied with suffering and its rights victims and their claims Historians philosophers political scientists theologians and lay people will all find a lively forum in Amato s work Critical and Exegetical Hand-book to the New Testament Heinrich August Wilhelm Meyer,1884 Commentary on the New Testament: Critical and exegetical hand-book to the gospel of John Heinrich August Wilhelm Meyer,1895 *New Testament history, a harmony of the Gospels* ,1873

The New Testament of Our Lord and Savior Jesus Christ ,1882 The New Testament of Our Lord and Saviour Jesus Christ ,1881 **The Literary Man's New Testament** William Leonard Courtney,1915 **New-Church Messenger** ,1918 **The Holy Bible Containing the Old and New Testaments Translated Out of the Original Tongues** ,1885

Class-Books of Religious Instruction. No. I. New Testament History. A Harmony of the Gospels in a Combined Narrative: Being the Gospel of St. Luke Entire, with the Narratives from the Other Gospels of the Events Not Recorded by St. Luke. With Maps, Etc ,1873 *The New Testament of Our Lord and Saviour Jesus Christ: The Gospels and Acts* ,1883 *The Simple Life* David E. Shi,1985 Our current less is more impulse may have contemporary trappings says David E Shi but the underlying ideal has been around for centuries From Puritans and Quakers to Boy Scouts and hippies our quest for the simple life is an enduring complex tradition in American culture Looking across more than three centuries of want and prosperity war and peace Shi introduces a rich cast of practitioners and proponents of the simple life among them Thomas Jefferson Henry David Thoreau Jane Addams Scott and Helen Nearing and Jimmy Carter In the diversity of their aspirations and failings Shi finds that nothing is simple about our mercurial devotion to the ideal of plain living and high thinking Difficult choices are the price of simplicity he writes in the book s revised epilogue Although we may hedge a bit in the practice of simple living and are now and then driven by motives no deeper than nostalgia Shi stresses that our efforts to avoid anxious social striving and compulsive materialism have been essential to the nation s spiritual health Book jacket
