The Bible Code Phil Stanton,1998 Using a mathematical code developed by a university professor secular reporter Michael Drosnin claims in his controversial bestseller The Bible Code that God s Word contains alarming hidden messages that have foretold international events and foretell the future But as Crossway author Phil Stanton explains in The Bible Code Fact or Fake there s more to Drosnin s work than simply whetting people s curiosity about God s Word The authority of the Bible itself is at stake

The Honest Truth About Dishonesty Dan Ariely,2013-06-18 A lively tour through the impulses that cause many of us to cheat the book offers especially keen insights into the ways in which we cut corners while still thinking of ourselves as moral people Time Dan Ariely behavioral economist and New York Times bestselling author of Predictably Irrational and The Upside of Irrationality returns with a thought provoking work that challenges our preconceptions about dishonesty and urges us to take an honest look at ourselves Does the chance of getting caught affect how likely we are to cheat How do companies pave the way for dishonesty Does collaboration make us more or less honest Does religion improve our honesty Most of us think of ourselves as honest but in fact we all cheat From Washington to Wall Street the classroom to the workplace unethical behavior is everywhere None of

us is immune whether it's a white lie to head off trouble or padding our expense reports In *The Honest Truth About Dishonesty* award winning author Dan Ariely shows why some things are easier to lie about than others how getting caught matters less than we think in whether we cheat and how business practices pave the way for unethical behavior both intentionally and unintentionally Ariely explores how unethical behavior works in the personal professional and political worlds and how it affects all of us even as we think of ourselves as having high moral standards But all is not lost Ariely also identifies what keeps us honest pointing the way for achieving higher ethics in our everyday lives With compelling personal and academic findings *The Honest Truth About Dishonesty* will change the way we see ourselves our actions and others

Lectures.-v.5-7. Discussions.-v.8. Interviews.-v.9. Political.-v.10. Leg Robert Green Ingersoll,1909 Simcha's Torah Simcha Friedman,2005 There have been many books that have attempted to uncover the secrets of the Torah through deciphering codes however Simcha Friedman offers the reader something different with thought provoking novella and practical exercises revealing the secrets to making Torah yours Friedman has created a unique learning tool that empowers the reader to interpret and unlock the hidden meanings within the Torah and to develop personal insights through 17 Torah techniques including AaT BaSH Systematic substitution of letters Gematria Numerical value of Hebrew letters The changing of the order of letters in the words of the Torah The shape and form of the Hebrew letters The changing of past to future tense and vice versa Making Torah Yours is a unique learning tool that will benefit the beginner as well as those more advanced When the reader is determined to understand a particular sentence or word within the Torah's text this book can serve as a reference for interpreting passages in a whole new light Stimulate the intellect and enliven the soul soon you too will be able to uncover Torah insights that you will want to share with family and friends **The Bible Code Solved** Tracy Yates,2017-12-05 In 1997 Michael Drosnin published *The Bible Code* This book demonstrated that amazing things from the past present and future are encoded within the Bible Every major event in world history every major figure in world history seems to be encoded in the Bible Michael Drosnin Despite intentional disinformation claiming to have debunked the Bible codes they are real and they are taken very seriously Ordinarily we would assume that the US Pentagon and anything having to do with the Bible would be far removed from one another But in 1994 statistical science a respected mathematical Journal published report number three volume 9 titled Equal distant letter sequences in the book of Genesis That report found its way to the Pentagon's national secret agency of cryptology And made it to the desk of Harold Gans a senior cryptographer for the Pentagon's national security agency Gans knew that equal letter Skip sequence was a code form widely used by governments and their agents The idea that they would occur in the book of Genesis was hard for him to believe He found it so difficult to believe that he wrote his own computer program based on his intimate knowledge of encryption techniques with the intent of disproving the results published by Statistical Science If the codes were simply a matter random chance then Gan's program would reveal this After testing the codes with this program Gans made the statement The probability

that these codes could appear by accident is virtually nonexistent In the plain text the Bible tells us that God spoke our universe into existence The ancient Torah is the source code behind creation Recently they have discovered binary code at the quantum level Physicists James Gates claims to have actually found quantum bits of 1 s and 0 s The Bible Code has been solved The Torah is the source code that supports our reality Once the code is solved the keys to creation are revealed In The Bible Code Solved you will learn the finest details behind exactly how God created the universe I encourage everyone to be seated when they get to the conclusion of this book where you will be given a source that you can verify on your computer containing the most amazing proof of God that has ever been available to the public **The Nation** ,1926 *The Works of Robert G. Ingersoll: Lectures* Robert Green Ingersoll,1915 Journal of the Society for Psychical Research Society for Psychical Research (Great Britain),1998 **The Truth Seeker** ,1928 Shambhala : the Fascinating Truth Behind the Myth of Shangri-la Victoria LePage,2002-06 Somewhere beyond Tibet lies a paradise of universal wisdom and ineffectual peace known as Shambala Called by some Shangra La this is a mythical kingdom of jewel lakes wish ful filling trees This look behind the myth shows Shambala to be a real place always accessible to the pure of heart
