Truth Or Consequences:

Truth or Consequences M. Dunn, Anil Gupta, 1990-10-31 The essays in this collection are written by students colleagues and friends of Nuel Belnap to honor him on his sixtieth birthday Our original plan was to include pieces from former students only but we have deviated from this ever so slightly for a variety of personal and practical reasons Belnap's research accomplishments are numerous and well known He has founded together with Alan Ross Anderson a whole branch of logic known as relevance logic He has made contributions of fundamental importance to the logic of questions His work in modal logic formal pragmatics and the theory of truth has been highly influential And the list goes on Belnap's accomplishments as a teacher are also distinguished and well known but by virtue of the essential privacy of the teaching relationship not so well understood We would like to reflect a little on what makes him such an outstanding teacher Truth Or Consequences Millard J.
