Verses And Meditations:

Verses and Meditations Rudolf Steiner, 2004 Featuring more than ninety of Steiner's best loved verses and meditations this volume collects a range of material on various themes such as working with spiritual beings connecting with loved ones who have passed over developing I being and celebrating festivals and seasons Countless people have worked with these meditations over the decades and can testify to their power as well as to the strength and comfort they offer for meditation and contemplation Although there are various translations for many of these verses George and Mary Adams's renderings can truly be said to be classic and are the most widely used in the English speaking anthroposophic movement George Adams was Steiner's personal interpreter whenever he lectured in Britain and Adams thus developed an intuitive understanding of Steiner's esoteric work Those who know these verses will be delighted that they are available again while those who approach them for the first time will discover a treasure of wisdom and an abundance of tools for inner transformation This edition also features the original German texts where applicable

Voices of My Soul John Chaber Prince John Chaber, Prince John Chaber, 2010-03 There is naught that causes the heart to cry out like the ecstasy of love or the agony of sorrow In these verses and meditations are poured out the soul and spirit the body and mind of the author as he draws from the fountains of life and reveals within these pages a plethora of emotions which are only found in the depths of the deepest caverns of the soul Between the confines of the ecstasy and the agony the author encounters intervals of restful solitude and blissful introspection which allow him to

contemplate the often contradictory vicissitudes of life as it wends its troubled journey towards the infinite And there the author invites us to share the voices of his soul voices which speak of joy and sorrow life and death verses and meditations the voices of the soul Rev Dr John S Weekes Voices of My Soul contains sonnets written for the most part from experiences of the author s own heart The meditations and other poems that he has included here are the results of riper years written from the experience of living on three continents and over half a dozen countries before finally settling in the United States
