Veterinary Ethics

Bernard E. Rollin

Veterinary Ethics:

Veterinary Ethics Jerrold Tannenbaum, 1989 **Veterinary Ethics** Jerrold Tannenbaum, 1995 From a leading expert in the field comes this new edition offering comprehensive coverage of the ethical dilemmas facing veterinarians Includes new material on animal welfare discussing the ethical responsibilities of veterinarians and owners in maintaining optimal well being of pets Also includes high tech innovations in veterinarian medicine MRI orthopedic surgeries chemotherapy and radiotherapy that cause ethical dilemmas Updates the reader on hormones and fertility drugs in small animal breeding programs blood banking in the treatment of feline leukemia virus genetic engineering and dog and horse racing [An Introduction to Veterinary Medical Ethics](#) Bernard E. Rollin, 2013-05-13 One of the most difficult issues that confronts veterinarians and staff today concerns the profession's obligation to the animal and the sometimes conflicting demands from clients peers and society The veterinarian's role has become more complex with new ethical challenges posed by issues such as growing public awareness regarding animal welfare increasing economic value of companion animals growth of veterinary specialization experimentation with alternative and complementary medicine and concern for pain management and mental well being of animals Written by an acknowledged pioneer in veterinary ethics [An Introduction to Veterinary Medical Ethics](#) addresses the ethical challenges that veterinarians face daily as they seek to balance obligations to animal client peers society and self The book offers a highly readable and approachable introduction to the nature of ethical theory reasoning and decision making and its practical application to veterinary medicine Now with over 100 real life veterinary case histories and analysis this edition also includes new discussions of animal pain distress and happiness ethics of critical care alternative medicine legal status and value of animals and Aesculapian authority [An Introduction to Veterinary Medical Ethics Theory and Cases](#) Second Edition is recommended as essential reading for all veterinary students and practitioners as well as those interested in general animal welfare New edition from an acknowledged pioneer in veterinary ethics Addresses ethical challenges that veterinary medicine with over 100 real life cases Includes new discussion of legal status and value of animals alternative medicine Aesculapian authority ethics and critical care and animal pain distress and happiness Ideal for veterinary students and practitioners **Veterinary Ethics: Navigating Tough Cases** Anne Quain, Siobhan Mullan, 2017-05-24 What should a vet do when a client can't pay for their animal's treatment Or when asked their opinion on the killing of wildlife for disease control Or when observing an animal welfare problem whilst off duty Ethical problems are an everyday part of life for veterinarians but it can be difficult to combine personal values with professional conduct [Veterinary Ethics](#) presents a range of ethical scenarios that veterinarians and other allied animal health professionals may face in practice The scenarios discussed are not only exceptional cases with potentially significant consequences but often less dramatic everyday situations The responses to these ethical problems are from practising veterinarians and acknowledged world experts in animal welfare and ethics The advice given is thorough and detailed covering different

eventualities the ethical knots and dilemmas the personal feelings of those involved as well as objective recommendations on ethical decision making and where relevant guidance from veterinary governing bodies and the law The advice is framed in the form of veterinary life in the real world not necessarily an ideal world As well as practical guidance the book takes a step back and explores the different philosophical arguments and standpoints and the resultant solutions and problems of each approach examining the background and relationship between different philosophical schools of thought ethics and veterinary care The book strives to present decision making in response to ethical problems as transparently as possible employing a range of ethical frameworks The book also challenges the reader about their own decision making in given situations what factors to consider and how they would achieve certain outcomes

5m Books *Law and Ethics of the Veterinary Profession* James F. Wilson, Bernard E. Rollin, Jo Anne L.
