Vichy Two Years Of Deception:

Vichy Leon Marchal,1943 *Vichy. Two Years of Deception. (Second Printing.) [Translated by Jean Davidson and Don Schwind.]* Léon MARCHAL,1943 *Vichy* Léon Marchal,1943 **The Statesman's Year-Book** M. Epstein,2016-12-23 The classic reference work that provides annually updated information on the countries of the world *The Advancement of Liberty* Matthew C. Price,2007-12-30 This book is a counterpoint to the prevailing view that the United States is an imperialist nation that has violently pursued power in the world to advance its own narrow interests The basic theme is that at the dawn of the 20th century there were six democracies in the world but by century s end democracy was ascendant This epic historical transformation has been thanks in great measure to the vision and sacrifices made by Americans Matthew C Price examines the great conflicts of the 20th century showing how American democratic principles have utterly reshaped global values and politics The defeat of fascism and imperialism in World War II led to the Marshall Plan the single most influential rebuilding program in human history The fostering of democracy in Japan the establishment of the UN and the fall of the Soviet Union reshaped the world in unforeseen ways America has dedicated itself to democracy in the Middle East to democratization in China and to the larger quest for the spread of liberal democratic principles worldwide even when the struggle is difficult dangerous and ongoing Early in the century Woodrow Wilson said that America should make the world safe for democracy In taking up that challenge the United States changed human history *The Agony of France* Andrew Sangster,2016-06-22 *The Agony of France* is written in three parts in a thematic style to enable easy referencing both for the student of history and the general reader The first part deals with the Defeat of France in 1940 examining scholarship over the last seventy years in order to extrapolate the major factors The second part explores Vichy France the political Collaboration and the various shades of collaborationism from the criminal and dedicated to that of sheer survival This part looks at the problems of a modern Western democratic society suffering under a military occupation the role of the French Church during this period and the appalling circumstances surrounding anti Semitism The third part explores the nature of French resistance the role of de Gaulle and finishes with the postwar recriminations and trials Unlike many Anglo Saxon histories this book adopts a more sympathetic attitude towards the French plight and examines the nature of de Gaulle s myth building that France liberated itself The book demonstrates that historical mythology is part of every country s history when seeking its own redemption from the past It will be of use to the student of history as well as a wider readership interested in the circumstances surrounding Vichy rule in France **The Casablanca Connection** William A Hoisington Jr.,2019-05-01 *The Casablanca Connection* examines France s colonial policy in Morocco from the Popular Front to the end of the Vichy regime in North Africa relating it to overall French imperial policy and placing it in a European and world context At the center of this study is General Charles Nogu s resident general of Morocco from 1936 to 1943 who during this period provided the protectorate with purpose authority direction and continuity Nogu s restored the precepts of colonial rule

established in Morocco twenty four years earlier by Marshal Hubert Lyautey France s most illustrious soldier administrator Nogues s accomplishments made Morocco stronger for France than it had been in a decade This French peace however was disturbed by the Spanish Civil War and World War II and Nogu s s well intentioned but misguided decisions during this time ended his career amidst charges of collaboration and anti Allied sentiment Nevertheless William A Hoisington Jr argues Nogu s had interpreted Lyautey s lessons with talent and originality Originally published in 1984 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value
