Problem Darrin Huff, 2024-04-08 Dating can be exciting and fun or depressing and frustrating You get to choose I have chosen fun and exciting I enjoy meeting new people It allows me to learn from other experiences and also learn more about myself My interactions with people have allowed me to gain so much insight into human nature I have learned to accept that no one is perfect yet everyone is entitled to live their life as they see fit I have no judgment only acceptance It took me forever to really learn what that means It means that just because I would like to get to know you does not mean that you need to feel the same It is ok to walk away when you know it is not working out It has nothing to do with the other person but with me and my wants and this is fine Life will still go the way it always will If my expectations are unrealistic life will make it crystal clear If I am on point then I will reap the benefits In either case it is about taking accountability and responsibility for my own actions and thoughts I have the power to make myself happy or sad I have the power to become successful or fail I have chosen to believe in myself by walking not in my feelings but in the actions that have proven success I hope that my views can help you to see that the only one out here who can make you reach your goal is a realistic you and not your feelings
