Tricia David

Young Children Learning:

Young Children Learning Barbara Tizard, Martin Hughes, 1984 his fascinating account of an unusual research project challenges many assumptions about how young children learn and how best to teach them In particular it turns upside down the commonly held belief that professionals know better than parents how to educate and bring up children and it throws doubt on the theory that working class children underachieve at school because of a language deficit at home

Young Children Learning Tricia David, 1999-07-27 I particularly enjoyed Judith Roden s chapter Young Children Are Natural Scientists especially her thoughts on children s drawings which puncture some popular assumptions Times Educational Supplement Friday Magazine Tricia David an internationally recognised expert in early years education has brought together 11 tutors from Christ Church College Canterbury to encourage debate and disagreement It has some absorbing and helpful contributions which both bring forward the debate in early years education and also may cause readers to reappraise their own practice possibly as a result of disagreeing with one or other contributors International Journal of Early Years Education

A Study of Learning and Retention in Young Children Lois Meek Stolz,1925

Current Topics in Children's Learning and Cognition Heidi Kloos,Bradley Morris,Joseph Amaral,2012-11-14 As a whole the essays in this book address theoretical and empirical issues related to children s learning and cognition The first essay titled Learning in Cognitive Niches treats the process of sense making on a theoretical level discussing the complexity of factors that give rise to children s learning It is followed by an essay titled Using the Dynamics of a Person Context System to Describe Children s Understanding of Air Pressure that applies ideas from complexity science and dynamics systems theory to children s learning about science The next four essays summarize and synthesize already published findings in an effort to go beyond individual viewpoints and present a more nuanced picture of children s sense making In particular two of these summaries Preschoolers Learning Science Myth or Reality and The Emergence of Scientific Reasoning focus on children s ability to make sense of their physical environment The essay Cognition and the Child Witness Understanding the Impact of Cognitive Development in Forensic Contexts seeks to shed light on children s sense making relevant to forensic issues And the essay Beyond the Black and White of Autism How Cognitive Performance Varies with Context ventures in the area of autism a disorder that demonstrates atypical processes of combining pieces of information The final two essays provide original data to add to the discussion of what factors affect cognitive functioning In particular the essay Cognitive Fitness in Young Adult Video Game Players seeks to re assess the often assumed relation between video gaming and various aspects of thinking memory intelligence and visual spatial abilities And the essay Impact of Moving Away from Home on Undergraduate Metacognitive Development explicitly connects life circumstances to the ability to monitor and control one s thinking Together the collection of essays are a further step towards understanding the process of sense making as children and young adults interact with their environment

Culture, Schooling, and Children's Learning Experiences

,2024-08-08 As countries experience increasing cultural diversity both within and between their borders contemporary researchers are exploring the connection between culture and children s learning and academic experiences One important goal is to provide all children with educational experiences that are culturally sensitive relevant and effective in helping them reach their maximum potential and preparing them for the future With over twenty five contributing authors this volume investigates the connection between culture and children s schooling and learning experiences from multidisciplinary perspectives diverse methodologies and cross cultural and culture specific approaches The common thread running through the chapters is the understanding that learning is an activity that takes place within cultural contexts Together the chapters highlight the forces that shape children s everyday learning experiences Core themes address how parental beliefs and cultural ways of learning and problem solving shape children s learning experiences and social interactions with teachers the

importance of quality early childhood education and playful learning to children's school success and development and how the complex intersection of cultural variables with forces such as historical injustice social and educational inequality economic stability and political ideologies shape children's learning The volume honors the experiences of Indigenous newcomer first generation children and children of underrepresented communities and highlights the vital role that policy makers teacher educators schools and classroom educators play in helping all children reach their academic and social potential *Nature-Based Learning for Young Children* Julie Powers, Sheila Williams Ridge, 2018-12-11 Nature Based Learning for Every Preschool Setting is designed to provide ideas for all early childhood educators ranging from novice nature educators to highly experienced nature educators in a wide range of ecosystems including forests cities prairies coastal and deserts It includes background information on a range of nature topics reproducible parent newsletters sample play based lesson plans guidance and health and safety issues related to nature activities ideas for free inexpensive equipment and materials and for big ticket items ideas for family involvement and connections to early childhood learning standards Chapters are divided by nature topic so readers can dip in right away where they want to start exploring
