Stevenson, Teleglobe Raoul-Dandurand Chair of Strategic and Diplomatic Studies, Université du Québec à Montréal. Centre d'études des politiques étrangères et de sécurité, 2000 Post war Canadian foreign policy has been characterized by two enduring themes an ongoing commitment to multilateralism on the one hand and a substantial commitment to continentalism on the other In the early 1970s the post war structures for international politics and economics entered a period that led to a dramatic transformation based on the relative decline of the United States punctuated by the end of the cold war the rise of economic interdependence and the new internationalism and the emergence of citizen centered foreign policy These three factors have had a substantial impact on both Canada s role in the world and its relationships with its main political and economic partners **Scrum Wars** Allan Levine, 1996-08-08 The image of the scrum a beleaguered politician surrounded by

jockeying reporters is central to our perception of Ottawa The modern scrum began with the arrival of television but even in Sir John A Macdonald s day a century earlier reporters in the parliamentary press gallery had waited outside the prime minister s office pen in hand hoping for a quote for the next edition The scrum represents the test of wills the contest of wits and the battle for control that have characterized the relationship between Canadian prime ministers and journalists for more than 125 years Scrum Wars chronicles this relationship It is an anecdotal as well as analytical account showing how earlier prime ministers like Sir John A Macdonald and Sir Wilfrid Laurier were able to exercise control over what was written about their administrators while more recent leaders like John Diefenbaker Joe Clark John Turner and Brian Mulroney often found themselves at the mercy of intense media scrutiny and comment **Decade of Adjustment** Julio Menezes, 1980
