Thinking About God:

Thinking about God Dorothee Sölle, 1990 **Ways of Thinking about God** E. B. Self, 2013-08-01 As we become more deeply involved in thinking about God it would be good to remember that the thinking is about God but is done by humans We should be careful We should not have too high an opinion of our own thinking We might recall the statement of Isaiah 55 8 9 For my thoughts are not your thoughts nor are your ways my ways says the Lord For as the heavens are higher than the earth so are my ways higher than your ways and my thoughts than your thoughts With the reminder that human thinking about God has important limitations we should still try to think about God as carefully as possible 1 How can we summarize the beliefs about God in the Bible 2 How should we understand the Bible s many references to God and violence 3 Can we derive a clear and comprehensive view of God and human destiny from the Bible 4 Can we prove the existence of God by reason apart from the Bible 5 What views have philosophers had about the basic nature of God 6 How can we reconcile belief in God s goodness and unlimited power with the evil in the world 7 Is God an appropriate subject for scientists to study 8 Should scientific views of time life and space lead us to adjust some of our beliefs about God 9 Are our views of God appropriate for the modern world 10 Do you believe that you should do some more thinking about God **Thinking About God** Gregory E. Ganssle, 2004-11-10 What is God like What can God do What can God know How does God communicate Philosopher Gregory E Ganssle appeals to philosophy for some answers to these questions in this introduction to thinking clearly and carefully about God *Thinking About God* William E. Marsh, 2007-02 Are you one of those people who have wanted to get to know God better but never found anything in a church to help you do so Do religious words sound like gibberish to you If so this book is for you Thinking About God is written to explain in non theological language what some of God is all about It is a series of short meditations on some of the major words that we find in talk about faith meditations in which the author re images these words into more conventional language language to which most of us can relate Thinking About God believes that at the heart of the human experience is imagination and at the heart of imagination is our picture of God It aims to encourage you to look again at who God can be in your life to inspire you to reconsider any misconceptions you may have about spirituality or the fact of Jesus in the human experience to open yourself to new avenues of understanding in your perceptions of the larger forces that govern our lives Thinking About God believes that we all are on journeys really ever seeking to enlarge our comprehension of who we are and where we are going Its author shares his meditations as a fellow traveler a traveler mind you who feels as if he has found something permanently spiritually transforming but a traveler who is very much aware that others continue by choice to search for their spiritual destiny Indeed it is to all of these travelers that the author dedicates this book *Thinking about God* Fisher Humphreys, 1974 **Thinking about God** John Macquarrie, 1975 The author discusses belief in God theological method and representative modern theologians **The Power in Thinking God's Way** Judy Golightly, 2019-06-24 About the Bible Study Christian s

How to Think about God Mortimer Jerome Adler,1980 [Thinking on God](#) Don Ruhl,2017-11-15 Who is God How do we even begin to answer the question Is he so infinitely great that our words cannot possibly capture his essence Or is God so intimately personal to our hearts and souls that it is impossible to articulate his character and nature Yet whether God is infinitely high or intimately personal we have one way to know God in a way we can collectively fathom through the life and ministry of Jesus Christ Thinking on God is an earnest and thoughtful collection of biblical and religious arguments for the proof of God s existence and author Don Ruhl dwells on the character of both God and humanity while helping fellow believers see how reflecting on God s majesty and awesome power can bring us closer to him and his creation The life and ministry of Jesus Christ play a central role in our getting to know God and it is through Christ that we see God s essence his power glory grace patience mercy holiness and goodness And yet in the end it may surprise us that the King of kings will ultimately serve us his loyal servants in humility We see God in his creation and we know God through Christ When we seek

God and come to know him in all his majesty power and grace we will discover who God is and be able to set a course for our lives Let us therefore not go through a single day without thinking on God **Think Like God** John Blig,2017-09-25 Jesus said in Matthew 16 23 that when we think like men we become our own stumbling block What we think and how we think are very important Wrong thinking will inevitably trip us up We need to get rid of our old way of thinking like mere men and have a fresh way of thinking We need to think like God **How to Think About God** Mortimer J. Adler,2008-06-18 Dr Adler in his discussion extends and modernizes the argument for the existence of God developed by Aristotle and Aquinas Without relying on faith mysticism or science none of which according to Dr Adler can prove or disprove the existence of God he uses a rationalist argument to lead the reader to a point where he or she can see that the existence of God is not necessarily dependent upon a suspension of disbelief Dr Adler provides a nondogmatic exposition of the principles behind the belief that God or some other supernatural cause has to exist in some form Through concise and lucid arguments Dr Adler shapes a highly emotional and often erratic conception of God into a credible and understandable concept for the lay person **The Battle for the Mind** Noel Jones,Georgianna A. Land,2006 The Battle for the Mind takes a serious look at the constant raging war in your mind between powerful opposing forces Are you willingly aiding and abetting the enemy through self condemnation Or are you renewing your mind through the Holy Spirit And be not conformed to this world but be transformed by the renewing of your mind that you may prove what is that good and acceptable and perfect will of God Romans 12 2 Authors Noel Jones and Georgianna Land present clear and deep revelation about overhauling your mind to accept the victory Their theological and philosophical views provide insight into the enemy s tactics They share vital Scripture and biblical principles to protect your mind from assaults powerful attacks meant to pervert and enslave you The Battle for the Mind explores the mind of Christ Jesus the Spirit of God and the power of praise to conquer the enemy and win the battle Book jacket **Thinking about God** J. Stanley McQuade,2015-03-03 THINKING ABOUT GOD and our Christian beliefs helps us to understand them better and can produce a profound deepening of our faith Far from diminishing or weakening a believer s commitments the gift of reason can in act as a strengthening and stabilizing influence upon them Stanley McQuade in THINKING ABOUT GOD thinks through the major topics and themes of the Christian tradition Written with the interested lay person in mind this book will be of value to the expert and novice alike due to the range of knowledge and variety of fields the author here applies and engages It challenges all comers to see thinking about God as a rich and rewarding spiritual discipline STANLEY McQUADE was born and educated in Northern Ireland and is an ordained minister of the Methodist Church in Ireland He holds degrees in Law Philosophy Theology and Medicine and he is a board certified anesthesiologist He is the current Lynch Professor of the Philosophy of Law at Campbell University School of Law in Raleigh North Carolina His first love and continuing interest is theology especially Biblical theology **THE THOUGHTS OF GOD** John MacDuff,FELIPE CHAVARRO POLANÍA, How precious are Your thoughts unto me O God How great is the sum of them Were

I to count them they would outnumber the grains of sand When I awake I am still with You Psalm 139 17 18 The thoughts of a great man on earth how valued With what feelings then shall we ponder the thoughts of God We treasure the thoughts of the wise and the good for their own sake but how is their value enhanced when they are personal and have a special reference to ourselves These Thoughts of God are thoughts toward us I know the thoughts that I think towards you Your thoughts which are to us How precious also are Your thoughts unto me O God For sound doctrine presented Scripturally and devotionally with its application to the Christian life you cannot go beyond MacDuff MacDuff writes popularly yet he is by no means shallow For an hour s pleasant and holy reading commend us to MacDuff Charles Spurgeon **The Missionary Review of the World** ,1930 **Religious Reconstruction** Minot Judson Savage,1888 The Power of God-Thinking Keith C. Powell,2010-02-01 God Thinking distills powerful thinking principles **Thinking about God** Ruqaiyyah Waris Maqsood,1994-03-01 Does God exist Why did life on earth come about Have the theories of evolution and the Big Bang proven that the entire universe occurred spontaneously If there is a God who created this world then why did he allow human suffering and evil to exist These are the questions tackled in a lucid style in this book Just because no one has seen a thing does not mean that it has no existence or cannot occur Honest scientists of real insight teach that there is a very great deal more even to physical existence and the material universe than that which we mortals can perceive with our limited senses They admit that there may exist a realm which is not accessible to human awareness or bound by the limitations of the human intellect it is utterly beyond human perception and remains Hidden or Unseen The known material universe with which we are familiar is like only the tip of an iceberg the bulk of which remains hidden from our eyes **The House of Raby, Or, Our Lady of Darkness** Jane Margaret (Winnard) Hooper ("Mrs. George Hooper."),1884 **Philosophy** James Lee Christian,1990 Whether it s cartoons quotations or interesting anecdotes from related fields you ve never seen a more interesting philosophy textbook than this one PHILOSOPHY AN INTRODUCTION TO THE ART OF WONDERING explains the central concepts of philosophy in ways you can understand by showing how it s all connected And best of all this philosophy textbook helps you develop the analytical skills you need to critically engage the big picture of Western philosophy for yourself
