Truth Gathering:

Divine Teaching and the Way of the World Samuel Fleischacker,2011-04-21 Samuel Fleischacker offers a defense of revealed religion religions that regard a certain text or teaching as wholly authoritative over one s life By reconciling it with secular cognitive and moral practices that allow people to work together regardless of religious difference he shows how these two worldviews can be brought together Reconciling Truths Kim Stanton,2022-01-15 Hundreds of commissions of inquiry have been struck in Canada since before Confederation but many of their recommendations have never been implemented Reconciling Truths explores the role and implications of commissions such as Canada s Truth and Reconciliation Commission and the National Inquiry into Missing and Murdered Indigenous Women and Girls and particularly their limits and possibilities in an era of reconciliation with Indigenous peoples Whether it is a public inquiry truth commission or royal commission the chosen leadership and processes fundamentally affect its ability to achieve its mandate Kim Stanton provides examples and in depth critical analysis of these factors to offer practical guidance on how to improve the odds that recommendations will be implemented As a forthright examination of the institutional design of public inquiries Reconciling Truths affirms their potential to create a dialogue about issues of public importance that can prepare the way for policy development and shifts the dominant Canadian narrative over time *We Must Say No to the Status Quo* Veronica McDermott,2017-01-30 It takes more than good intentions to make meaningful change The spirit slashing of injustice that s what Veronica McDermott calls the psychic toll that marginalized students face every day Students can be marginalized because of race economic status language sexual orientation ability or other factors So how can you make a difference McDermott a longtime educator gives you the tools to become a powerful ally You ll learn how to Better understand the depth and breadth of injustice so you can pierce the fog of privilege and embrace ally hood Fill the gap between your desire to eliminate injustice and the attitudes and skills required to be effective Leverage your natural strengths including your disposition educational training and professional position Challenge the structural barriers practices and beliefs that diminish opportunities for many students Working for social justice is a journey and it s one that you and your students can take together Educators will find in this book a heart felt honest uncompromising tour de force Yvette Jackson Senior Scholar National Urban Alliance for Effective Education This book illuminates a clear pathway for transforming our consciousness and our practice in the service of equity and social justice Gary Howard Author of We Can t Lead Where We Won t Go Handbook of Indigenous Public Policy Sheryl Lightfoot,Sarah Maddison,2024-02-12 This ground breaking Handbook explores the key legal political and policy questions concerning the implementation of Indigenous rights across the world Expert contributors analyse the complex dynamics of contestation engagement advocacy and refusal between governments and Indigenous Peoples presenting a profound challenge to mainstream policy scholarship Truth Gathering Bonita M.
