Truth Matters Walter J. Veith, 2002 *Truth Matters* Herbert E. Douglass, 2006 **BIBLICAL TRUTH MATTER** Dr. Gary j. Harloff, Ph.D., 2025-02-06 Biblical Truth of salvation Christ's descent into Hell Reformed Theology compared to Dispensationalism *True to the Life. [A novel.]*, 1868 *Truth Matters* Robert P. George, Cornel West, 2025 Two leading public intellectuals and dear friends one progressive one conservative explore What is Truth and Why Does Truth Matter In Truth Matters Cornel West and Robert P George address a range of social issues on which Americans today are bitterly divided **Why Truth Matters** Jeremy Stangroom, Ophelia Benson, 2006-02-09 Truth has always been a central preoccupation of philosophy in all its forms and traditions Yet in the late twentieth century truth became suddenly rather unfashionable The precedence given to assorted political and ideological agendas along with the rise of relativism postmodernism and pseudoscience in academia led to a decline both of truth as a serious subject and an intellectual tradition that began with the Enlightenment Why Truth Matters is a timely incisive and entertaining look at how and why modern thought and culture lost sight of the importance of truth It is also an eloquent and inspiring argument for restoring truth to its rightful place Jeremy Stangroom and Ophelia Benson editors of the successful *butterfliesandwheels* website itself established to fight fashionable nonsense identify and debunk such senselessness and the spurious claims made for it in all its forms Their account ranges over religious fundamentalism Holocaust denial the challenges of postmodernism and deconstruction the wilful misinterpretation of evolutionary biology identity politics and wishful thinking Why Truth Matters is both a rallying cry for the enlightened vision and an essential read for anyone who's ever been bored frustrated bewildered or plain enraged by the worst excesses of the fashionable intelligentsia **Shattering Silos** Lambert Zuidervaart, 2022-08-15 Questions first raised by Hannah Arendt in the 1960s take on new urgency in the post truth era as political leaders blithely reject facts in the public domain Is truth politically impotent Are politics inherently false Is the search for truth still relevant Shattering Silos a companion volume to *Religion Truth and Social Transformation* and *Art Education and Cultural Renewal* provides a path breaking response As in his two previous books Lambert Zuidervaart challenges the boundaries philosophers set up between epistemology ethics and political philosophy Knowledge he argues takes different forms in various social domains and all are subject to political struggle A critique of contemporary society must draw on many social domains of knowledge including the arts and religion and should recast politics as a striving for truth in the broadest sense Proposing a new conception of truth one that emphasizes the unity of knowledge and truth as well as their diversity among different social domains Zuidervaart asks what such holism and pluralism suggest about how we understand politics and society This book proposes a new understanding of large scale social change challenging how most people think about knowledge and truth Interweaving epistemology social criticism and political thought Shattering Silos aims to help redirect an allegedly post truth society Look Around George R. Sinclair Jr., 2020-07-08 What do you see when you look around Where does it lead

and to what end Is there some purpose to it all And if so where do you fit in And how might we fit in together Maybe you have a faith but desire greater understanding Maybe you had a faith and are disillusioned Or maybe you want a faith but are skeptical This book invites another look It begins a conversation Who is God What is faith What does God want from us Why suffering Why worship Why work Through these and other everyday questions this book suggests possible answers Answers don't arrest thought Answers provoke thought and action life This book invites readers to look around so that they might discover a faith for the twenty first century a faith in conversation with science a faith fit for deep personal questions a faith ready to engage complex public issues Like Moses on Mount Pisgah wondering about a land he could see but never enter when looking around we may be awakened to hope

Truth Matters Tom Gender, 2011-09-09 Where did everything come from What is wrong with the world What happens after we die Can we be sure How should we live Many people think that finding answers to life's important questions is quite difficult but it is actually harder to ask the right questions Finding is not the problem seeking is We need to seek the truth if we want to find it know it and live by it A real and serious search for truth requires determined effort We are accustomed to receiving information in superficial sound bites today rather than taking the time to carefully reason about it to discern truth from error However if we take the time the reward can be life changing Truth Matters will help us think systematically and critically about these most important questions in life so we can accurately understand our world and live in it wisely
