Victims Of Terrorism:

The Victims of Terrorism Bruce Hoffman, Anna-Britt Kasupski, 2007 Little attention and analysis have focused on terrorism victims including survivors This report focuses on the organized groups of families and friends that have emerged since September 11 2001 to become a powerful voice in U S counterterrorism policy and legislation These groups were remarkably successful in getting the 9 11 Commission established as well as the enactment of the commission s most important recommendations This report documents these groups number and diversity their wide disparity in mission and services in addition to the effectiveness of their strategies for achieving their missions It also compares the 9 11 victims groups to those formed in response to previous terrorist attacks both in the United States and abroad highlighting the lessons the 9 11 groups learned from these precedents and the differences between 9 11 groups and those that preceded them Rand web site

Victims of Terrorism Orla Lynch, Javier Argomaniz, 2014-10-17 This book examines the politicisation of victims of terrorism and the reality of the victimisation experience within the broader field of terrorism and the resulting conflict Victims of terrorism are a unique group of individuals whose experience is overlooked in the current literature on terrorism Since 9 11 terrorism has risen to global prominence and has become a key topic of interest with regards to media attention and national security As a result many European countries as well as the USA have had to take active steps to protect and provide for the victims of terrorism particularly given the nature of victimisation post 3 11 Madrid and 7 7 London Recently we have also seen an increase in the political currency of the terrorist victim for example the lobbying activities and political involvement of the victims of ETA terrorism and the exceptionally powerful lobby in the USA that sees the involvement of victims of terrorism and their families in policy making and law enforcement transformations This book is based on extensive field work in Northern Ireland London and Spain and presents the results which focus on the needs and experiences of victims of terrorism and political violence and critically analyses these findings comparatively and in their own right The aim is to assess the provision of support initiatives in Northern Ireland mainland UK and Spain and understand if victims needs are being met by these initiatives but most importantly to construct a picture of the local and international interpretation of the experience of victimisation by terrorism This book will be of much interest to students of terrorism and political violence victimology criminology security studies and IR

The Victims of Terrorism: An Assessment of Their Influence and Growing Role in Policy, Legislation, and the Private Sector, 2007 Little attention and analysis have focused on terrorism victims including survivors This report focuses on the organized groups of families and friends that have emerged since September 11 2001 to become a powerful voice in U S counterterrorism policy and legislation These groups were remarkably successful in getting the 9 11 Commission established as well as the enactment of the commission s most important recommendations This report documents these groups number and diversity their wide disparity in mission and services in addition to the effectiveness of their strategies for achieving their missions It also compares the 9 11 victims

groups to those formed in response to previous terrorist attacks both in the United States and abroad highlighting the lessons the 9 11 groups learned from these precedents and the differences between 9 11 groups and those that preceded them This is the second release of this Occasional Paper After completion of RAND s quality assurance process and first release of the paper RAND learned of concerns from some readers about the authors way of describing distinctions among various groups Some viewed the authors placement of such groups into a tier system as a ranking of the groups general influence and importance This had not been the authors intent To address this ambiguity in classification RAND undertook a second editing of the document The tier description has been replaced by a categorization of groups an approximation based on the groups own stated agendas and activities into national policy reform state and local policy reform and victim and family support groups The paper no longer contains any suggestion of a ranking or scoring of groups influence In addition RAND has amended the dates on which various groups were formed and the types of membership categories of certain groups and their membership numbers

Assisting Victims of Terrorism Rianne Letschert, Ines Staiger, Antony Pemberton, 2009-12-04 The fight against terrorism is receiving increased awareness due to recent world wide large scale terrorist acts and only since then has some attention been directed specifically to victims of terrorism Existing legal instruments of international bodies like the European Union the Council of Europe and the United Nations concerning victims of terrorism are relatively abstract or include victims of terrorism under the broader heading of victims of crime in general In addition policies and legislation relating to victims of crime or victims of terrorism vary widely on the domestic level Against this background the European Union commissioned a project that should aim to develop more extensive standards for the aid and assistance of victims of terrorism at the European level This study provides the basis from which more extensive standards could be derived The study focuses particularly on developing standards in the field of continuing assistance access to justice administration of justice and compensation to victims of terrorism A novel feature of the approach is that also the possible utility of restorative justice approaches is examined An important question to address was whether there is a real need to adopt specific standards for victims of terrorism thereby implying that their needs might differ from victims of ordinary crime
