*Post-impressionism* Thomas Parsons,Iain Gale,1999 Within a year of closing the last Impressionist exhibition in 1886 a large and disparate group of movements had appeared each with its own beliefs about the nature and function of art From Neo Impressionism to Symbolism from Gauguin and van Gogh to Matisse and Munch the program of 20th century art was emerging These individual styles are now collectively referred to as Post Impressionism This book imposes coherence and a sense of pattern upon this diverse mix of movements and individuals that reacted against the style and subject matter of the Impressionists The sociohistoric background against which Post Impressionism evolved and the international reverberations of the movement are presented Special emphasis is given to the revolution that Post Impressionism created in Russia which had effects far beyond the confines of art

The Post-impressionists Belinda Thomson,1990-01-01

Post-Impressionism Flaminio Gualdoni,2008 Post Impressionism is a movement in France that represented both an extension of Impressionism and a rejection of that style s inherent limitations The term Post Impressionism was coined by the English art critic Roger Fry for the work of such late 19th century painters as Paul C zanne Georges Seurat Paul Gauguin Vincent van Gogh Henri de Toulouse Lautrec and others Most of these painters began as Impressionists each of them abandoned the style however to form his own highly personal art Impressionism was based in its strictest sense on the objective recording of nature in terms of the fugitive effects of colour and light The Post Impressionists rejected this limited aim in favour of more ambitious expression admitting their debt however to the pure brilliant colours of Impressionism its freedom from traditional subject matter and its technique of defining form with short brushstrokes of broken colour The work of these painters formed a basis for several contemporary trends and for early 20th century modernism

**The Letters of a Post-Impressionist** Vincent van Gogh,2022-09-16 In The Letters of a Post Impressionist readers are granted an intimate glimpse into the complex inner world of Vincent van Gogh through his personal correspondence This literary treasure meticulously reproduced by DigiCat Publishing gives voice to the artist s evolution not simply in his iconic visual art but through his equally expressive written word Within this compilation the reader will find reflections on art life love and the

trials of creative endeavour all articulated with the raw emotion and insight that characterize Van Gogh's oeuvre. The text bears witness to the convergence of literary naturalism and nascent modernist aesthetics placing Van Gogh firmly within the literary context of his time as well as his more frequently discussed artistic milieu. Vincent van Gogh remembered primarily for his vivid paintings, reveals another facet of his genius in these letters. The personal thoughts and struggles documented here provide a window into the soul of an artist whose life was as tumultuous as it was brief. The thoughtfulness with which he describes his experiences suggests that these letters were a vital outlet for Van Gogh, guiding and shaping his artistic direction. DigiCat's dedication to preserving humanity's written legacy has ensured that Van Gogh's epistolary contributions endure alongside his visual masterpieces, offering a deeper understanding of a man who sought solace and meaning through both the brush and the pen. This collection is an invaluable contribution to the literary and artistic canon, recommended for readers who seek a richer understanding of Van Gogh's mind and art. Enthusiasts of post-impressionism, admirers of Van Gogh's paintings, and those devoted to the exploration of the human experience through literature will find within these pages a resonant and deeply moving narrative. *The Letters of a Post Impressionist* serves not only as a classic of world literature but also as a powerful testament to the enduring spirit of one of the most celebrated artists in history.

**Impressionism and Post-Impressionism** Nathalia Brodskaja, 2018-03-13 Impressionism is the most famous artistic movement. But what appears today as a charming and exquisite landscape painting was actually one of the first avant-garde movements whose members had decided to fight the values of traditional art. The impressionist outdoor paintings shocked the public by the technique used but also by their apparent banality. As Monet, Sisley, Pissarro and many others sought to capture the ephemeral nature of light, the next generation would reject naturalism. Indeed, post-impressionists such as Gauguin, Van Gogh, Cézanne and Seurat favored the subjective rather than the objective and the eternal rather than the concrete. In doing so, they laid the formal foundations of 20th-century modern art. This book is a visual guide through the crucial moments in the history of art and the progression of the 19th century to modernity. **Vogue for Russia** Caroline Maclean, 2015-01-20 Explores the influence of Russian aesthetics on British modernists. In what ways was the British fascination with Russian arts, politics, and people linked to a renewed interest in the unseen? How did ideas of Russianness and the Russian soul, prompted by the arrival of the Ballets Russes and the rise of revolutionary ideals, attach themselves to the existing British fashion for theosophy, vitalism, and occultism? In answering these questions, this study is the first to explore the overlap between Slavophilia and mysticism between 1900 and 1930 in Britain. The main Russian characters that emerge are Fedor Dostoevsky, Boris Anrep, Vasily Kandinsky, Petr Ouspensky, and Sergei Eisenstein. The British modernists include Roger Fry, Virginia Woolf, Mary Butts, John Middleton Murry, Michael Sadleir, and Katherine Mansfield. Key Features: Draws on unpublished archive material as well as on periodicals, exhibition catalogues, reviews, diaries, fiction, and the visual arts. Addresses the omission in modernist studies of the importance of Russian aesthetics and Russian discourses of the occult.
