Cooper, Ryland Wesley Crary, 1982 *The Politics of Progress* Hiram Catton, 1988 Politics and Progress Dennis J. Mahoney, 2004 Mahoney describes the emergence of American political science as a separate academic discipline in the era between the Civil War and the First World War with the pivotal event of the founding of the American Political Science Association in 1903 His book a testament to the integrity of American political science chronicles its intellectual and cultural development *Untimely Democracy* Gregory Laski, 2018 *Untimely Democracy* offers an exploration of how one of the bleakest periods in American racial history provided fertile terrain for a radical reconstruction of America's most fundamental assumptions about democracy *The Political Progress of Britain* James Thomson Callender, 1792 The Political Progress of Christianity Albert Stratford George Canning, 1877 **The Political Progress of Britain: Or, An Impartial History of Abuses in the Government of the British Empire, in Europe, Asia, and America** James Thomson Callender, 1795 *The Situation in Iraq and Progress Made by the Government of Iraq in Meeting Benchmarks and Achieving Reconciliation* United States. pioneered by Socrates Recovering this tradition of antifoundational argument requires rethinking the place of German idealism in the history of political thought and opens new directions for contemporary democratic theory The historical and Socratic theory of democracy the book defends makes possible an entirely new way of approaching struggles over contested notions of progress popular sovereignty political judgment and democratic change **John Stuart Mill** Oskar Kurer,1991
