World Revolution And Family Patterns:

World Revolution and Family Patterns William Josiah Goode,1963 World Revolution and Family Patterns William Josiah Goode,1970 Celebrating Christian Marriage Adrian Thatcher,2002-04-30 The interest in marriage and the future of marriage is urgent and increasing This collection of expert research analysis and discussion may be the most significant ever assembled on this subject There are contributions from different continents and cultures from Roman Catholic Protestant Anglican and Orthodox traditions from theologians and many other professionals including historians social theorists sex therapists lawyers psychiatrists and demographers all in conversation with the idea of Christian marriage There are introductions to each topical section by Adrian Thatcher Marriage at the Start of the Millennium Beginning Marriage Love and Marriage The Marriage Relationship Children and Marriage Single Sex Marriage Ending Marriage Roman Catholic Perspectives Ending Marriage Anglican Perspectives **Walter and Ingrid Trobisch and the Globalization of Modern, Christian Sexual Ethics** Anneke H. Stasson,2021-05-13 Walter and Ingrid Trobisch played a major role in shaping a transcultural conversation about love sex gender identity and marriage during the mid twentieth century The Trobisches are most well known for Walter s book I Loved a Girl 1962 which he wrote while teaching at Cameroon Christian College Within a decade one million copies of the book were in circulation it was translated into seventy languages and Trobisch had received ten thousand letters from African and American readers of the book asking for relational advice The Trobisches founded an international marriage counseling ministry to answer these letters While the Trobisches held paternalistic attitudes common among western missionaries of their generation their vision of sexuality helped Christians in Africa and the United States to navigate changing sexual norms of the mid twentieth century *Lineages of Modernity* Emmanuel Todd,2019-06-10 In most developed countries there is a palpable sense of confusion about the contemporary state of the world Much that was taken for granted a decade or two ago is being questioned and there is a widespread urge to try and understand how we reached our present situation and where we are heading In this major new book the leading sociologist historical anthropologist and demographer Emmanuel Todd sheds fresh light on our current predicament by reconstructing the historical dynamics of human societies from the Stone Age to the present Eschewing the tendency to attribute special causal significance to the economy Todd develops an anthropological account of history focusing on the long term dynamics of family systems and their links to religion and ideology what he sees as the slow moving unconscious level of society in contrast to the conscious level of the economy and politics He also analyses the dramatic changes brought about by the spread of education This enables him to explain the different historical trajectories of the advanced nations and the growing divergence between them a divergence that can be observed in such phenomena as the rise of the Anglosphere in the modern period the paradox of a Homo americanus who is both innovative and archaic the startling electoral success of Donald Trump the lack of realism in the will to power shown by Germany and China the emergence of stable authoritarian

democracy in Russia the new introversion of Japan and the recent turbulent developments in Europe including Brexit This magisterial account of human history brings into sharp focus the massive transformations taking place in the world today and shows that these transformations have less to do with the supposedly homogenizing effects of globalization and the various reactions to it than with an ethnic diversity that is deeply rooted in the long history of human evolution **2025-26 NTA/UGC-NET/JRF Sociology Solved Papers 448** YCT Expert Team , 2025 26 NTA UGC NET JRF Sociology Solved Papers 448 795 E This book contains the previous year solved papers from 2011 to 2025 *Conjugal America* Allan C. Carlson,2017-09-04 The institution of marriage has become perilously weak in America Changes in the law over the past three decades such as the spread of no fault divorce and broad acquiescence to cultures of divorce and intentional childlessness have stripped traditional marriage of important legal supports Half of all marriages end in divorce and just as many are childless *Conjugal America* seeks to recapture the real purposes of marriage and the unchanging nature of this most vital and fundamental human institution Confronting contemporary issues and drawing heavily on the natural and social sciences each chapter also reaches into the past to find truths grounded in human experience Carlson reexamines the basic bond of marriage to procreation showing that this tie has been no less than the foundation of the unwritten sexual constitution of Western civilization He also shows how the Gnostic heresy which despises procreation posed a stark danger to the early Christian movement and to the sexual constitution of our own time as well He then dissects claims regarding the evolution of marriage showing that true marriage always represents the vital connection of the sexual with the economic Carlson explores the political nature of marriage showing why every ambitious totalitarian government seeks above all to destroy marriage and why the true marital bond actually stands for liberty He concludes by arguing for the necessity of marriage policy Because both the nature of the centralizing state and the pressures of modernity have altered family circumstances new protections and encouragements to marriage are now imperative *Conjugal America* will be central to the new debate on marriage and its purposes This book sees the current moment as an opportunity to revitalize a necessary institution that has recently been abused and neglected and reinstate it as the primary source of commitment and care in the modern world **2024-25 NTA /UGC-NET/JRF Sociology Solved Papers** YCT Expert Team , 2024 25 NTA UGC NET JRF Sociology Solved Papers 384 795 E This book contains previous year s solved papers from 2011 to 2023 *University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Subjects* University of California (System). Institute of Library Research,University of California, Berkeley,1972 Marriage and Modernization Don S. Browning,2003-03-20 The processes of modernization and globalization promise more wealth and health for many people But they are also a threat to the stability and quality of marriage and family life This new book at once sobering and constructive looks at the impact of these processes on marriage and asks what Christianity in cooperation with other religions can do to strengthen married life today Among the deleterious effects of modernization and globalization on

marriage are a worldwide drift of men away from the responsibility of parenthood and the tendency of mothers too readily to take on the task of childrearing alone After looking at recent research on these and other problems Don Browning suggests that the cure for modern marital disruption entails reforming and reconstructing the institution of marriage while also nurturing relevant forms of social support Yet the effort to initiate a world marriage revival requires a complex cultural work and Browning explores the key contributions that the religions of the world must make for such an effort to be successful

Regarded as the most authoritative introduction to contemporary sociology *Essentials of Sociology* adds a new author to its team with the Second Edition **Finding Families, Finding Ourselves** Veronica Jane Strong-Boag,2006 In *Finding Families Finding Ourselves* historian Veronica Strong Boag examines the realities behind idealized pictures of adoptive families rescuing needy children or adoptees fitting seamlessly into new families The first comprehensive examination of the history of adoption in Canada *Finding Families Finding Ourselves* draws on a broad range of sources from legal cases sociological studies and government policies to fiction and first hand accounts Strong Boag argues that adoption far from being a marginal aspect of Canadian history goes to the heart of who we are as individuals and as a national community With its complicated dance of obligations and rights insiders and outsiders acceptance and rejection adoption reflects the ways in which we as families and as communities have consciously and unconsciously remade ourselves in the course of creating our future BOOK JACKET *The China Journal* ,1997
