Global Security Great Britain. Parliament. House of Commons. Foreign Affairs Committee,2008 This report is the fourth in a series on global security and examines the foreign policy aspects of the United Kingdom's relationship with Japan the Republic of Korea South Korea and the Democratic People's Republic of Korea North Korea The current political and economic scene in Japan and South Korea is outlined The regional relations of Japan and South Korea are then examined including those with the United States and China trade agreements and regional security forums The focus on North Korea covers the nuclear programme human rights food security regime reform and stability North South Korea relations and military matters The involvement of Japan and South Korea in international affairs is also scrutinised including climate change development assistance and the United Nations The report concludes with a review of economic and cultural relations between the UK and Japan and South Korea

Departmental annual report 2010-11 Great Britain: Parliament: House of Commons: Foreign Affairs Committee,2012-04-13 Despite the impressive performance of the Foreign and Commonwealth Office in representing the UK's interests across the globe with what is in Governmental terms a particularly small budget the Foreign Affairs Committee believes that the FCO is under funded This situation has been exacerbated by the Spending Review 2010 and the lack of detail provided by the FCO and the BBC World Service as to exactly how the spending reductions target will be met is disappointing There are concerns about the steps taken by the FCO to adjust to its reduced budget reductions in the deployment of UK based staff overseas and the optimistic planned programme of property sales will have a detrimental impact on the ability of the UK to protect its interests overseas The establishment of the European External Action Service EEAS will place a further strain on the FCO's resources The Committee welcomes the appointment of Lord Williams of Baglan to the post of International Trustee with responsibility for the BBC World Service but reiterates its belief that a formal concordat governing the World Service's budget and output should be drawn up setting out the World Service's independence from budgetary pressures elsewhere in the BBC The budget cuts faced by the British Council will lead to the Council becoming a substantially different organisation by the end of the Spending Review period The greater emphasis that the British Council will place on commercial activity risks a diminution of the UK's influence and soft power
