Greeley, 2007-08 The Great Mysteries responds with passion and skill to the growing concerns of spiritual seekers and teachers of the Catholic faith In radical refreshing fashion Greeley explores 12 essential questions of faith and grounds them in human experience      *The Cosmic Love Story God And Us* Rev. Robert E. Lauder, 2024-05-16 In this amazing book the author presents insights into the mystery of love both Divine and human Influenced by personalist philosophers Martin Buber Emmanuel Mounier and Gabriel Marcel by American Catholic theologians John Haught Michael Himes Bernard Cooke and Ronald Rolheiser and also by the

Thomist personalist W Norris Clarke SJ Lauder reflects deeply on the mystery of God and the human person Martin Buber claimed that love was a cosmic force Lauder s vision is cosmic He has produced a book that is not only interesting and illuminating but also inspiring Readers will find themselves returning to reread their favorite chapters and researchers will find new quotes to include in their research projects One of Lauder s talents as a writer is to explore the most profound mysteries and write about them in language accessible to readers who are interested in reflecting on such mysteries as love of self love of neighbor and love of God Rather than presenting insights into the meaning and mystery of love in a way that is excessively speculative and academic Lauder s writing may challenge the intellect to incorporate the most profound truths about love into daily life The Cosmic Love Story God and Us will move readers to integrate insights into love from the book into their lives so that they choose to live as gift givers that is to say as lovers

The Web of Life Glenn C. Taylor,2016-08-16 Life is about relationships good and bad Individualism may feel strong In reality it s much weaker than when we stand together Much of the joy of life comes from the manner in which others touch our lives Do you remember the last time someone touched your life with a word of encouragement Your response may have been a smile or a sense of joy Not all touches are like that Some people touch our lives with pain through hurtful comments insinuation or even lies Solomon declared that life and death are in the power of the tongue Our conversations are a key contributor to the effects we have on one another This book is an invitation to explore the impact of others on us and our influence on them It takes courage to nurture others and accept their nurturing Communication coupled with action is the key to growth when we ve experienced God as the source of our spiritual lives in Christ Glenn Taylor s writing on the subject of healthy relationships is the outcome of a lifelong commitment to living fully into all aspects of life As a result this book has deep roots and a solid foundation I commend it to you Dr Rod Wilson Vancouver B C There is no substitute for a firsthand witness This is as true today as it was for the Resurrection This book is the direct result of a truly empathetic faithful witness This is a must read for anyone who is involved in ministry counseling or leadership of any kind James Tughan Canadian Artist Oakville Ontario I believe the chapter on the importance of the community of faith as a place for receiving love nurture and healing meets a critical need in our disconnected society Marvin Brubacher Director of MentorLink Canada
