World Slicker:

Exiting the Global Economic Superhighway Hideki Kato, 2023-11-27 This book tackles global economic and social issues from a perspective that may seem obvious but which no author has yet taken that we humans are living beings In today s artificially globalized world we have increasingly lost sight of our original humanity Despite the serious environmental social and political problems we are facing we cannot stop focusing on economic growth efficiency and liberalization In doing so we continue to make the world slicker and more unstable This book identifies these conventional values and ways of thinking as the root cause underlying many of today s challenges and it offers the perspective of a bumpier and more organic human existence that provides a greater sense of traction and stability The book begins with a discussion of global systems and structures proposing a world with two systems to limit the effects of artificially constructed globalization The second part examines the modern welfare state outlining a process to revive democracy and social capital by making social issues the business of everyday citizens The third and final part focuses on human well being emphasizing physicality and the Japanese concept of kata as keys to restoring our humanity Rather than searching for specific solutions through specialized knowledge this book makes use of the author s broad perspective acquired through many years of public policy research and reform It asserts that knowledge should be acquired through hands on experience and in studies based on real world situations involving people at the forefront of society s challenges whether politicians businesspeople scientists craftspeople or farmers In both its analysis of humanity s problems and the solutions it offers this book takes an entirely new yet utterly natural approach to steering humanity off the global economic superhighway

Neighbors
Persons living in proximity to other persons
Everyone has neighbors
Neighbors From Hell
Neighbors who are not nice
Have you ever had Neighbors From Hell
Neighbors are an obvious arrangement in cities or towns
Good or bad tidy or messy quiet or noisy nice or mean there are all types
City slickers moving to the country invoke the image of space and solitude but there will still be neighbors
The space between domiciles might be larger but a bad messy or noisome neighbor can still exist
Even with a country home's space and larger area there can still be neighbors that won't contain themselves to their own area
Once upon a time there was a young family who had a dream of owning land and operating a farm
They became land owners and cattle ranchers building their very own dream house on their very own patch of paradise
They worked hard to assimilate to this new lifestyle in a new neighborhood
It was everything they'd hoped for and they were so happy
Then they got neighbors
They got Neighbors From Hell
These bad neighbors were pushy arrogant and mean
Their bad attitudes slovenly habits and meanness aside the neighbors would not contain themselves to their own area
They encroached
They took what was not theirs
They forced themselves into the space and lives of our heroes
These neighbors meant to build their house on their property next door to our little family
The neighbors property had some unfortunate attributes however and it became clear that their property wasn't very conducive to building a home
Astonishingly these neighbors insisted on utilizing portions of property they didn't own to construct their project
There were other solutions to the construction dilemmas these neighbors faced but these answers would have been costly
They wanted to use our little family's land for free
They wanted to steal the property and property rights of our little family
These Neighbors From Hell came on over bringing their messes and problems with them and embroiled our little family in a battle for their rights and their very lives
When our heroes stood firm on their property rights these awful neighbors tried it anyway
When the young couple complained the neighbors lied
When the family sought the help of the authorities they found out the difficulties of fighting city hall when the local power came to the aid and assistance of their county crony even in the face of proven and documented lies
The common refrain used as their excuse for lies and deceit was "Y'all aren't from around here are you"
This bigotry and clannish attitude was brought to full force against our little family whose only desire was to be left alone on their own land
When the neighbors couldn't steal the part of the land they were after they tried to take everything
Using their friends in county authority and the local judiciary they brought the fight of our young heroes' lives
Does the young family survive
Can they win against the local establishment and seemingly insurmountable odds
What do you do when your neighbors are the Neighbors From Hell
What do you do when the Neighbors From Hell have friends in high places
What do you do when they threaten your home your livelihood and your family
Everyone knows fighting city hall can be a pointless fight rarely won
But what do you do when city hall brings the fight to you
Sometimes you have to stand and fight
