Pearson, 2013-08-13 The Classic Guide Updated for Our Contemporary World A modern classic of Jungian psychology The Hero Within has helped hundreds of thousands of people enrich their lives by revealing how to tap the power of the archetypes that exist within Drawing from literature anthropology and psychology author Carol S Pearson clearly defines six heroic archetypes the Innocent the Orphan the Wanderer the Warrior the Altruist and the Magician and shows how we can use these powerful guides to discover our own hidden gifts solve difficult problems and transform our lives with rich sources of inner strength This book will speak deeply to the evolving hero in all of us and reverberate through every part of our lives With poignant wisdom and prolific examples it gives us enduring tools to help us develop our own innate heroic gifts the Orphan's resilience the Wanderer's independence the Warrior's courage the Altruist's compassion the Innocent's faith and the Magician's abiding power **The Hero in the Mirror** Sue Grand, 2011-05-20 In times of stress trauma and crisis whether on a personal or global scale it can be all too easy for us to externalize a larger than life figure who can assuage our suffering a Hero who comes to the fore even as we recede into the background In taking on our collective burden however such an omnipotent Hero can actually undermine us representing as it does the very same characteristics we fail to note in one another By granting the Hero to power to set things right we seem to deny it to ourselves leaving us temporarily lightened but ultimately helpless In response Sue Grand deconstructs the myth of the Heroic and argues for the ordinary hero a more realistic figure with the same limitations concerns and fears as the rest of us but who nonetheless stands up for the greater good in the face of danger despair and villainy From the foundation of relational psychoanalysis Grand incorporates cultural and ethical considerations in her examination of what this ordinary hero might look like a trip that takes us from the consulting room to right outside our front doors from the heart of a civilized nation to the myriad war torn regions dappling the globe both past and present Along the way we meet individuals whose encounters with adversity range

from the mundane to the catastrophic and learn how they struggle against the dubious concept of the Hero looming large in their lives Recounting this journey in finely tuned yet imminently accessible and enjoyable prose Grand demonstrates that the best place to ultimately find the ordinary hero is within each other The hero is us [Hero Within - Rev. & Expanded Ed.](#) Carol S.
