In Sickness and In Health Karen Propp,2002-08-03 What happens when your spouse is no longer the same person you first married How does marriage change us and how do we change our marriage Sometimes marriage seems a shaky proposition at best and never more so than when the honeymoon fades to reality For Karen Propp reality meant knowingly marrying a man who had already undergone a course of radiation for prostate cancer and who mere weeks before the birth of their son faces surgery that will compromise his life and their marriage on every level In this humorous poignant well crafted narrative we see Karen torn between a growing son and ailing husband We witness the ups and downs the love and the loss between a man and a woman as they struggle against but emerge victorious over a very intimate disease In Sickness and in Health is an honest exploration of the loss and disappointment associated with married life as well as a love story that shows how a woman is irrevocably changed by the love she shares with her husband and the depths that love is plumbed by the specter of illness [American Book Publishing Record](#) ,2002 *The Feminist Legislation Project* Becky Batagol,Kate Seear,Heli Askola,Jamie Walvisch,2024-08-26 In this book leading law academics along with lawyers activists and others demonstrate what legislation could look like if its concern was to create justice for women Each chapter contains a short piece of legislation proposed in order to address a contemporary legal problem from a feminist perspective These range across criminal law sexual offences Indigenous women s experiences of criminal law laws in relation to forced marriage modern slavery childcare and sentencing civil law aged care and housing rights regulating the gig economy surrogacy gender equity in the construction industry and constitutional law human rights legislation reimagining parliaments where laws are made for the benefit of women The proposed laws are moreover drafted with feedback from a senior parliamentary draftsman providing guidance to contributors in a personal capacity to ensure conformity with legislative rigour as well as accompanied by an explanation of their reasons and their aims Although the legislation is Australian based the issues raised by each are recognisably global and are reflected in the legislation of most other nations This first feminist legislation project will appeal to scholars of feminist legal studies gender and the law gender studies and others studying or working in relevant legal areas [The Publishers Weekly](#) ,1999 [New Books on Women and Feminism](#) ,2000 [Lilith](#) ,2003 **Campbell-Walsh Urology E-Book** Alan J.
