## Water Of Life:

**Water of Life** John W. Armstrong,2000 In this revolutionary treatise J W Armstrong puts the compelling case that all diseases except those caused by traumatism or structural disorders can be cured by one simple means The therapy is an entirely drugless system of healing that treats the body as a whole Moreover the only ingredient needed is a substance manufactured in the body itself rich in mineral salts hormones and other vital substances namely human urine It may seem strange to take back into the body something that the body is apparently discarding Yet the theory is similar to the natural practice of organic composting Fallen leaves when dug back into the soil provide valuable mineral salts to nourish new plant life The same principle holds true for the human body

**The Water of Life** Rita Knipe,1989-08-01 Mythology flows like a subterranean stream throughout Hawai i Rita Knipe has selected a number of characteristic myths and mythological figures from the rich pantheon of Hawaiian deities As she retells their stories illustrated by Hawaii artist Dietrich Varez the transposition of such primal drama to the pages of this book becomes poetic theater The dramatic plots are myths and legends chosen from the oral traditions of unique island people but the underlying themes and symbols are archetypal and eternal Drawing parallels between Hawaiian mythology universal patterns and individual behavior the author illustrates certain basic Jungian concepts and explains how we express them in the drama of our own lives
