Bureau of Markets,1916 *The Fountain of Living Waters* Donald R. Dickson,1987 Dickson presents historical viewpoints pertaining to the water of life exegesis of major Biblical events involving different types of waters of life and the methods employed by three Christian poets George Herbert Henry Vaughn and Thomas Traherne who used the metaphor to describe the paradigm of Christian salvation Reports of Cases Determined in the Supreme Court of the State of Utah Utah. Supreme Court,1908 **From Creation to Canaan** Mick Pope,2024-04-18 Climate change species loss and the pollution of our air water and soil all indicate that humans have failed in their God given mandate to care for the earth Some Christians see these as signs of the end times and beyond our control This book goes

back to the beginning of creation to examine humanity's God-given vocation to care for creation as an expression of holiness. Human power and agency have their limits in a world where God has ordered things for the flourishing of all creatures. The current environmental crisis is understood as the consequence of not respecting these limits. Instead of passive acceptance of the present crisis, the church is encouraged to work for the common good of the whole creation.
