Reading Early Modern Women's Writing Paul Salzman, 2006-11-30 Most people even within the area of English literature are unaware of how much writing women produced in the 16th and 17th centuries This book offers an outline of that writing and also looks at how it was read and reproduced through succeeding centuries

Expanding the Canon of Early Modern Women's Writing Paul Salzman, 2010-07-12 This exciting collection of original essays on early modern women s writing offers a range of approaches to a growing field As a whole the volume introduces readers to a number of writers such as Mirabai and Liu Rushi who are virtually invisible in Anglophone scholarship and to writers who remain little known such as Elizabeth Melville Elizabeth Hatton and Jane Sharpe The volume also represents critical strategies designed to open up the emergent canon of early modern women s writing to new approaches especially those that have consolidated the integration of literary and intellectual history with an emphasis on religion legal issues and questions of genre The authors expand the methodological possibilities available to approach early

modern women who wrote in a diverse number of genres from letters to poetry autobiography and prose fiction The sixteen essays are a major contribution to an area that has attracted the interest of a number of fields including literary studies history cultural studies and women s studies

Women Writers in Postsocialist China Kay Schaffer,Xianlin Song,2013-07-31 What does it mean to read from elsewhere Women Writers in Postsocialist China introduces readers to a range and variety of contemporary Chinese women s writing which has seen phenomenal growth in recent years The book addresses the different ways women s issues are understood in China and the West attending to the processes of translation adaptation and the grafting of new ideas with existing Chinese understandings of gender feminism subjectivity consumerism and post modernism By focusing on women s autobiographical biographical fictional and historical writing the book engages in a transcultural flow of ideas between western and indigenous Chinese feminisms Taking account of the accretions of social cultural geographic literary economic and political movements and trends cultural formations and ways of thinking it asks how the texts and the concepts they negotiate might be understood in the social and cultural spaces within China and how they might be interpreted differently elsewhere in the global locations in which they circulate The book argues that women centred writing in China has a direct bearing on global feminist theory and practice This critical study of selected genres and writers highlights the shifts in feminist perspectives within contemporary local and global cultural landscapes

The Proper Lady and the Woman Writer Mary Poovey,1985-02-15 A brilliant original and powerful book This is the most skillful integration of feminism and Marxist literary criticism that I know of So writes critic Stephen Greenblatt about The Proper Lady and the Woman Writer Mary Poovey s study of the struggle of three prominent writers to accommodate the artist s genius to the late eighteenth and early nineteenth century ideal of the modest self effacing proper lady Interpreting novels letters journals and political tracts in the context of cultural strictures Poovey makes an important contribution to English social and literary history and to feminist theory The proper lady was a handy concept for a developing bourgeois patriarchy since it deprived women of worldly power relegating them to a sanctified domestic sphere that in complex ways nourished and sustained the harsh real world of men With care and subtle intelligence Poovey examines this guardian and nemesis of the female self through the ways it is implicated in the style and strategies of three very different writers Rachel M Brownstein The Nation The Proper Lady and the Woman Writer is a model of creative discovery providing a well researched illuminating history of women writers at the turn of the nineteenth century Poovey creates sociologically and psychologically persuasive accounts of the writers Wollstonecraft who could never fully transcend the ideology of propriety she attacked Shelley who gradually assumed a mask of feminine propriety in her social and literary styles and Austen who was neither as critical of propriety as Wollstonecraft nor as accepting as Shelley ultimately became Deborah Kaplan Novel

Confronting Visuality in Multi-Ethnic Women s Writing A. Laflen,2014-08-07 Considering new perspectives on writers such as Toni Morrison Margaret Atwood and Louise Erdrich Confronting Visuality in Multi ethnic Women s Writing traces a cross cultural

tradition in which contemporary female writers situate images of women within larger contexts of visibility

Women's Theatre Writing in Victorian Britain K. Newey, 2005-11-01 Women's Theatre Writing in Victorian Britain is the first book to make a comprehensive study of women playwrights in the British theatre from 1820 to 1918. It looks at how women playwrights negotiated their personal and professional identities as writers and examines the female tradition of playwriting which dramatises the central experience of women's lives around the themes of home, the nation and the position of women in marriage and the family. The book also includes an extensive Appendix of authors and plays which will be a useful reference tool for students and scholars in nineteenth century studies and theatre historians.

Early Modern Women Writers Engendering Descent Marie H. Loughlin, 2022-01-30 Focusing on Mary Sidney Herbert and Mary Sidney Wroth's use of the figures of origin, descent and inheritance in their poetry and prose, this book examines how these central women writers situated themselves in terms of early modern England's rich ancestral cultures, employing these and other genealogical concepts to talk about authorship, family, selfhood and memory. In turn, both Sidney Herbert and Sidney Wroth also shaped their works in relation to the ways in which writers within their familial communities and literary coteries constructed them as Sidney's heirs, descendants and future ancestors in genres ranging from the patronage dedication and pastoral eclogue to mythographic genealogy and georgic poetry. In the intersection of ancestry, death, sexuality and reproduction, the book contends that Sidney Herbert and Sidney Wroth develop their authorship within the simultaneous rigidity and flexibility of their world's genealogical discourses.

British Women Writers and the Writing of History, 1670-1820 Devoney Looser, 2000 Chosen by Choice Magazine as an Outstanding Academic Title. Until recently, history writing has been understood as a male enclave from which women were restricted, particularly prior to the nineteenth century. The first book to look at British women writers and their contributions to historiography during the long eighteenth century, *British Women Writers and the Writing of History, 1670-1820* asks why, rather than writing history that included their own sex, some women of this period chose to write the same kind of history as men, one that marginalized or excluded women altogether. But as Devoney Looser demonstrates, although British women's historically informed writings were not necessarily feminist or even female-focused, they were intimately involved in debates over and conversations about the genre of history. Looser investigates the careers of Lucy Hutchinson, Lady Mary Wortley Montagu, Charlotte Lennox, Catharine Macaulay, Hester Lynch Piozzi and Jane Austen and shows how each of their contributions to historical discourse differed greatly as a result of political, historical, religious, class and generic affiliations. Adding their contributions to accounts of early modern writing refutes the assumption that historiography was an exclusive men's club and that fiction was the only prose genre open to women.

Bulwer- Lytton (1st baron.),1889 **The Writing Or the Sex?, Or, Why You Don't Have to Read Women's Writing to Know It's No Good** Dale Spender,1989 This text questions the differences between female and male literature Taking the view that the difference lies not within the writing itself but in the response to the writing the author writes that men have been in charge of according value to literature and that they have found the contributions of their own sex immeasurably superior The author presents evidence for a form of literary criticism which takes account of the exploitative practices of men Writing for Profit Donald George Wilhelm,1930 *A Dictionary of the Anonymous and Pseudonymous Literature of Great Britain* Samuel Halkett,John Laing,1883 **The Writer** ,1911 *Bookseller Newsman Incorporated* ,1891 *Woman's World* ,1925
