Williams, 2018-04-14 The first book in The Awakening of Navi Septa trilogy tells the story of seven young people who leave their home in the land of Teletsia because of its oppression by high priests known as the Sorcerers They leave in search of a better life and a means of finding a way of returning their homeland to a fairer system of government Their hope lies in the kingdom of Sasrar to the north of Teletsia across the Sea of Illusion Their journey there is not easy and tests them at each step of the way Not only are they being pursued by the Sorcerers soldiers but they also find treachery in the places they have to travel through There are some good people who help them and they also receive spiritual and practical help from some mysterious keys They don't realise it but they are fulfilling an old prophecy which is only the beginning for young people everywhere **Connecting to Creativity** Elizabeth Weil Bergmann, Elizabeth O. Colton, 1999 Creativity is the key to success but it's a hard key to turn for most people This book offers a proven 10 step program for unleashing its power at home and at work *Wisdom Keys for Releasing Your Creative Potential* Jasmine Dr Renner, 2012-05-02 Wisdom Keys for Unlocking Your Creative Potential was birthed out of my journey and quest for wisdom In the process I gained knowledge and understanding and was unleashed into my creative potential This book provides valuable keys for unlocking your unlimited creative potential My aim in this book is to help individuals realize and understand the depth of their creative abilities and to use the multifaceted wisdom keys espoused in this book to unlock their creative potential Creativity has no doubt become an evasive concept for many Many people value it many want it but few ever get to expressing it Why is it so The goal of this book is to introduce you to the invaluable nuggets gained from discovering that creativity is not an additional project you add to your already full to do list but springs out of the essence of who you really are Wisdom is the ability to discern accept and to work in your creative abilities In other words wisdom is simply knowing what to do when to do it where to do it and with whom to do it with This book also reflects the countless hours spent seeking wisdom steps or keys on the subject matter of creativity Using wisdom as a guide and tool in understand and releasing your creative potential is crucial I point out in this book that wisdom is an essential part of the quantum or spiritual level of creativity Therefore in this wisdom keys and creativity series I will attempt to begin a dialogue on the role of wisdom in creativity to lay the foundation for continued discourse on the topic The keys espoused in this book are the same and can be applied in every nation in every tribe and for all peoples This is because there are universal undeniable principles that govern

every human being The wisdom keys espoused in this book are universal for all who will dare to use them appropriately A farmer in Australia applying these keys correctly will have the same result as a billionaire in Wall Street My desire is that as you read this book you will be birthed into an awareness about your creative potential and that your heart will be opened up for a download an outpouring of this understanding You may also need to create what I call a consistent creative environment and avoid creative cramps by doing some strategic things in your quest to release your creative potential
