Way Down Here:

Conference in the Matter of ,1963 *Vantablack* Zeta,2021-11-03 In a post apocalyptic world surrounded by walls we follow the protagonist s journey in search for adventure The protagonist grapples with being an intrepid soul restrained by a society that feels safe inside its dystopian environment In this story we see the protagonist shed the limitations imposed by these social constructs and fulfill the desire for more by joining a pack of nomads that offer as much freedom as one can have inside the metal walls surrounding them This is where the story begins Flattened Chase Walker,2019-12-02 A group of gifted children ages 5 15 find themselves in the middle of nowhere being lead to safety by the young man who named Jonathan crashed into their bus They hike a few miles in the woods and find a commune The people seem nice but refuse to help them find help They claim they have no contact with the outside world While in the commune some of the gifted children find under ground tunnels In the tunnels they also find pieces of their bus They also find the person who put them there and their fate Soon a week turns into two weeks turns into a month then two months Where is help **Lippincott's Magazine** ,1915 Eetoo Robby Charters,2009-11-10 His mission is to leave this planet and search for answers that can only be found on the planet of humanity s birth But nobody he knows has ever seen a ship that can sail to the stars the kind their forefathers arrived on Eetoo is an orphan caring for the small flock of sheep he inherited from his parents The only one he s close to Venerable Too Dah who taught him to read the ancient tablets now tells him he must find his way to the planet of Humanity s birth and find the golden tablets that will complete their knowledge of truth His own dreams also confirm it But how He unexpectedly meets someone who gives him a lift off his planet and his journey begins On his search he discovers how evil the ancient humans were who first left Earth to colonise the stars Though the ancient Nephteshi Human Empire is a thing of the past some alien species have painful memories of their atrocities and would rather see humanity extinct The paradox keeps Eetoo searching for answers taking him to first century Earth Other galactic species are more friendly to humanity and Eetoo gains the friendship of both humans and non humans including some romance Think Ben Hur of Science Fiction The parts of the narrative set on Earth are influenced by readings of first century history in light of the Dead Sea Scrolls the Pseudepigrapha Rabbinical sources as well as readings of Shalom Asch s The Nazarene Some study of Quantum Mechanics also helped Such a combination of rabbis Essenes and aliens could only exist in a historical space opera
