Way Of Sensitive:

The Sensitive Soul Theresa Cheung, 2020-05-15 Have you ever been told to toughen up or stop taking everything so seriously Or do you feel that in a harsh world where the way to get noticed is to shout the loudest your heartfelt approach just doesn't cut it Some of us are born sensitive We live our lives vividly through the lens of emotion and with our senses perpetually on high alert Even those whom others might label insensitive will experience times in their lives when their innate sensitivity is activated and they feel overwhelmed or sense and feel things they can't explain Based on strategies proven to be effective by scientists and psychologists combined with her own research including real stories Theresa Cheung will show you how to unlock the potential of your sensitivity She'll guide you through the steps that will transform the challenges of being a gentle person into a strength and shine a light on how traits such as empathy intuition creativity and compassion have the power to unite us *The Sensitive Soul* is a vital resource for the highly sensitive anyone who has gone through sensitive times or simply longed for the world to be a little kinder This book was previously published as *The Sensitivity Code* Read what everyone is saying about *The Sensitive Soul* Theresa Cheung provides a timely guide for individuals who feel life deeply to take a step back and reflect upon sensitivity and how it fits in the modern world's emotion paradigm It reminded me there are steps I can use in my life to increase my self-care I recommend this book to anyone who wishes to explore sensitivity in themselves or others Goodreads Reviewer 5 stars A thorough explanation of the highly sensitive individual the problems they need to wrestle with in their day-to-day life and their amazing gifts they can deploy at work and at home Once the book talked us through these basic ideas it then moves on to offering solutions to this high sensitivity and to enjoying its pros rather than dealing with its cons *Affair With Psychology* 5 stars I found this book absolutely fascinating As someone who has been told to toughen up a lot I could relate to it so much I really feel like this book has given me some great strategies for both me and my very sensitive 4-year-old son Fantastic and recommended to anyone who feels it could help them Goodreads Reviewer 5 stars Looking at individual case studies really resonated with me It is helpful on many levels from the identifying traits of being sensitive to acknowledging what people have said to you since a child It makes you see the positives of being sensitive instead of the negatives Unlike some psychology books it is very accessible and friendly and non-judgemental Karen Reads and Recommends The aim of *The Sensitive Soul* is to help gentle people recognise their own worth To give them the coping tools to manage emotions and navigate insensitive environments To help sensitive people identify the red flags of toxic relationships It's truly helped me through the past few tricky weeks Thank you Goodreads Reviewer 5 stars [Social Justice for the Sensitive Soul](#) Dorcas Cheng-Tozun, 2023-06-20 Recommended for anyone interested in social justice and enacting positive change *Library Journal* Sensitive people and quiet souls do have a place in social justice work Find your way and avoid burnout with *Social Justice for the Sensitive Soul* *Social Justice for the Sensitive Soul* explores six possible pathways for sensitive types Connectors relational activists whose

interactions and conversations build the social capital necessary for change Creatives artists and creators whose work inspires sheds light makes connections and brings issues into the public consciousness Record Keepers archivists who preserve essential information and hold our collective memory and history Builders inventors programmers and engineers who center empathy as they develop society changing products and technologies Equippers educators mentors and elders who build skills and knowledge within movements and shepherd the next generation of changemakers Researchers data driven individuals who utilize information as a persuasive tool to effect change and propose options for improvement Social justice work we often assume is raised voices and raised fists But what does social justice work look like for those of us who don t feel comfortable battling in the trenches Sustaining justice work can be especially challenging for the sensitive and it requires a deep level of self awareness intentionality and care to avoid overwhelm and burnout However those who consider themselves highly emotional empathic or introverted are wise thoughtful and conscientious We need their contributions Alongside inspiring real life examples of highly sensitive world changers author Dorcas Cheng Tozun expands the possibilities of how to be a peacemaker and how to create a positive social impact affirming the particular gifts and talents that sensitive souls offer to a hurting world
