**Adult and Continuing Education: Concepts, Methodologies, Tools, and Applications** Management Association,  
Information Resources,2014-03-31 Beyond the undergraduate and graduate levels education has traditionally ceased when  
students enter the workforce as professionals in their respective fields However recent trends in education have found that  
adult students beyond the traditional university age often benefit greatly from returning to further their education Adult and  
Continuing Education Concepts Methodologies Tools and Applications investigates some of the most promising trends in  
furthering education and professional development in a variety of settings and industries With an extensive array of chapters  
on topics ranging from non traditional students to online and distance education for adult learners this multi volume  
reference book will provide students educators and industry professionals with the tools necessary to make the most of their  
return to the classroom *Online Teaching and Learning in Higher Education* Mariam Akinlolu,Manyane  
Makua,Nomalungelo Ngubane,2024-06-03 This edited volume explores current practices in African higher education during  
and post the global pandemic It fills a gap in the existing literature by focusing on student engagement and online learning in  
South Africa and examines how pandemic restrictions amplified pre existing inequalities within the higher education sector  
The book is divided into 3 sections The first section discusses various methods of instruction and the use of online tools for  
facilitating learning succeeded by a section focusing on the resource implications of moving to online learning platforms from  
a social justice perspective and finally the last section considers issues and concerns about online assessments and quality  
assurance Drawing on lessons from the experiences of South African educators and students during the pandemic this book  
provides a knowledge base essential for the effective management of online teaching and learning in Africa It is intended for  
academic stakeholders to develop and engender an improved higher education climate **INFORMATION**

STUDIES IN DIGITAL COMMUNICATIONS. PART I. FEASIBILITY OF ASYNCHRONOUS MULTIPLEXING. PART II. PERFORMANCE OF HIGH-SPEED DIGITAL COMMUNICATIONS OVER TROPOSCATTER LINKS M P ISTENBATT,1963 Part I describes experiments and calculations aimed at demonstrating the feasibility of asyn chronous time multiplexing for multichannel speech The work here generally served to elaborate on the theoretical analysis and pre dictions made previously and demonstrated them in the laboratory The experiments tested vari ous aspects of the method and culminated in a realistic multichannel experiment with external coded speech signals The major feasibility demonstrations were done by using a digital com puter with A D equipment However an analog extremal coding system was built in order to demonstrate the

equipment simplicity The work here showed that asynchronous time multiplexing is feasible under the conditions treated for systems having as few as 24 sources It is concluded that the advantage of this method over synchronously multiplexed PCM is about 2.7 for 100 sources and 2.1 and 24 sources Increases in this advantage should be possible with system improvements The speech quality with this advantage is not distinguishable with casual listening from that of the usual PCM
