Steelworker Alley Robert Bruno, 1999 The son of a Youngstown steelworker Bruno returned to his hometown seeking to understand the formation of his own working class consciousness and the place of labor in the larger capitalist society Drawing on interviews with dozens of former steelworkers and on research in local archives Bruno explores the culture of the community including such subjects as relations among coworkers class antagonism and attitudes toward authority He describes how because workers are often neighbors the workplace takes on a feeling of neighborhood He also demonstrates that to understand class consciousness one must look beyond the workplace in this instance from Youngstown's front porches to its bowling alleys and voting booths *Closing Chapters* Thomas G. Welsh, 2011-12-16 *Closing Chapters* attempts to explain the disintegration of urban parochial schools in Youngstown Ohio a onetime industrial center that lost all but one of its eighteen Catholic parochial elementary schools between 1960 and 2006 Through this examination of Youngstown Welsh sheds light on a significant national phenomenon the fragmentation of American Catholic identity **What Work Is** Robert Bruno, 2024-01-09 A distinctive exploration of how workers see work For more than twenty years Robert Bruno has taught labor history and labor studies to union members from a wide range of occupations and demographic groups In the class he asked his students to finish the question Work is in six words or less The thousands of responses he collected provide some of the rich source material behind *What Work Is* Bruno draws on the thoughts and feelings experienced by workers in the present day to analyze how we might design a future of work He breaks down perceptions of work into five categories work and time the space workers occupy the impact of work on our lives the sense of purpose that motivates workers and the people we work for in all senses of the term Far seeing and sympathetic *What Work Is* merges personal experiences with research poetry and other diverse sources to illuminate workers lives in the present and envision what work could be in the future *Working Stiffs, Union Maids, Reds, and Riffraff* Tom Zaniello, 2018-05-31 The revised and expanded edition of *Working Stiffs Union Maids Reds and Riffraff* offers 350 titles compared to the original edition's 150 The new book is global in scope with examples of labor films from around the world Viewers can turn to this comprehensive annotated guide for films about unions or labor organizations labor history working class life where an economic factor is significant political movements if they are tied closely to organized labor production or the struggle between labor and capital from a top down either entrepreneurial or managerial perspective Each entry includes a critical commentary production data cast list MPAA rating if any suggested related films annotated references to books and websites for further reading and information about availability of films for rental and or purchase This edition addresses both historical and contemporary films and features many more documentaries and hard to find information about agitprop and union financed films *Working Stiffs Union Maids Reds and Riffraff An Expanded Guide to Films about Labor* features fifty eight production stills and frame enlargements It also includes a greatly expanded Thematic Index of Films Two new sections will help the reader discover labor films in

Walley, 2013-01-17 Winner of CLR James Book Prize from the Working Class Studies Association and 2nd Place for the Victor Turner Prize in Ethnographic Writing In 1980 Christine J Walley s world was turned upside down when the steel mill in Southeast Chicago where her father worked abruptly closed In the ensuing years ninety thousand other area residents would also lose their jobs in the mills just one example of the vast scale of deindustrialization occurring across the United States The disruption of this event propelled Walley into a career as a

cultural anthropologist and now in *Exit Zero* she brings her anthropological perspective home examining the fate of her family and that of blue collar America at large Interweaving personal narratives and family photos with a nuanced assessment of the social impacts of deindustrialization *Exit Zero* is one part memoir and one part ethnography providing a much needed female and familial perspective on cultures of labor and their decline Through vivid accounts of her family's struggles and her own upward mobility Walley reveals the social landscapes of America's industrial fallout navigating complex tensions among class labor economy and environment Unsatisfied with the notion that her family's turmoil was inevitable in the ever forward progress of the United States she provides a fresh and important counternarrative that gives a new voice to the many Americans whose distress resulting from deindustrialization has too often been ignored This book is part of a project that also includes a documentary film
