[Seven Steps for Handling Grief](#) Barbara Russell Chesser,2014-02-25 Let me know if there is anything I can do This well meaning offer is frequently expressed when a relative or friend suffers a death or other heart wrenching loss such as divorce termination of a job having to put a parent in a nursing home or Alzheimer s facility loss of one s home or the empty nest syndrome This book moves beyond that offer and other platitudes and gives practical steps to take to help alleviate the pain of loss the heartbreak from a variety of shattering experiences These steps are drawn straight from real life experiences the stories of people demonstrate how one or more of these seven steps helped them turn grief of futility and despair into understanding faith and hope

To Linger on Hot Coals Stephanie Paige Cole,Catherine Bayly,2014 The poems in to linger on hot coals are like the babies who inspired them small but profoundly significant and imprinting those they touch with both delicious sweetness and heartbreaking pain They will speak to those whose grief is new as well as to those whose losses have receded in time but not in memory as well as to counselors medical professionals and allies of bereaved families A breathtakingly beautiful collection They Were Still Born Personal Stories about Stillbirth Most of the time we consider grief ugly and most of the time it is But sometimes you find something that moves that kind of loss beyond horror to something clear and pristinely honest beautiful Stephanie Paige Cole and Catherine Bayly have collected a deeply beautiful gift of poetry in to linger on hot coals

Melissa Miles McCarter Joy Interrupted AnAnthology of Motherhood and Lossto linger on hot coals is a collection of beautiful personal poetry by women who lay bare their experiences of loss and love reminding me again that what is the most personal is the most universal These works will linger in your mind break your heart and touch your soul Sean Hanish Writer Director Producer Return To Zero

Grief and the Healing Arts Sandra L. Bertman,2018-02-06 For nearly three decades Sandra Bertman has been exploring the power of the arts and belief symbols metaphors stories to alleviate psychological and spiritual pain not only of patients grieving family members and affected communities but also of the nurses clergy and physicians who minister to them Her training sessions and clinical interventions are based on the premise that bringing out the creative potential inherent in each of us is just as relevant perhaps more so as psychiatric theory and treatment models since grief and loss are an integral part of life Thus this work was compiled to illuminate the many facets that link grief counseling and creativity The multiple strategies suggested in these essays will help practitioners enlarge their repertoire of hands on skills and foster introspection and empathy in readers
