

A serene landscape featuring a wooden pier extending into the ocean. The sky is filled with soft, white clouds, and the water is a calm, light blue. The overall mood is peaceful and contemplative.

**Evil and Givenness** Brian W. Becker, 2022-02-23 *Evil and Givenness* The Thanatonic Phenomenon provides a phenomenological study of evil in its conceptual integrity Describing a phenomenological situation exclusive to evil in its distinct mode of givenness and manners of manifestation the account of evil in this book centers on the thanatonic as that phenomenality proper to evil Although situated within a phenomenology of givenness via Jean Luc Marion the thanatonic is distinguished from saturated phenomena by giving itself in a parasitic mode Brian W Becker identifies four figures as displaying characteristics of this parasitic givenness trauma evil eye foreign body and abject each expressing a dimension of the thanatonic and paralleling the four figures of the saturated phenomenon Like the four horsemen who serve as heralds for the destruction of the world these figures beckon the destruction of our lifeworld diminishing the self who encounters them Upon losing the will to bear the excess of saturated phenomena the receding of horizons and the loss of singularity this impoverished self misrecognizes itself in a manner that begins to resemble the metaphysical ego and in doing so becomes a vector for retransmitting the thanatonic's suffering unto others

**The Holocaust and the Nonrepresentable** David Patterson, 2018-05-22 Many books focus on issues of Holocaust representation but few address why the Holocaust in particular poses such a representational problem David Patterson draws from Emmanuel Levinas's contention that the Good cannot be represented He argues that the assault on the Good is equally nonrepresentable and this nonrepresentable aspect of the Holocaust is its distinguishing feature Utilizing Jewish religious thought Patterson examines how the literary word expresses the ineffable and how the photographic image manifests the invisible Where the Holocaust is concerned representation is a matter not of imagination but of ethical implication not of what it was like but of what must be done Ultimately Patterson provides a deeper understanding of why the Holocaust itself is indefinable not only as an evil but also as a fundamental assault on the very categories of good and evil affirmed over centuries of Jewish teaching and testimony
