Rhode,2014-08-01 What Women Want is a trenchant examination of the struggle for women s equality and a prescription for what to focus on next in order to ensure maximum success Feminism today is a movement that lacks leadership unity and definition and it has gotten stuck in a boom and bust cycle when it comes to public opinion and action Despite significant progress over the last fifty years equality is still a distant goal in the political social and economic spheres Only by identifying the barriers both internal and external that remain Deborah Rhode argues can we begin to identify solutions A rigorously researched and well written answer to the glut of gender related books that have come onto the market recently What Women Want comprehensively analyzes the challenges the feminist movement faces today Combining sharp academic analysis and interviews with notable figures such as Sheryl Sandberg Rhode focuses on five main topics employment issues such as pay discrimination work life balance and the government s pitiful response the assault on women s reproductive rights and the limits it places on their economic mobility sexual harassment and violence and the detrimental effect that the unfashionable label feminist can have especially in attracting young women to the movement Despite these formidable obstacles the goals and principles of feminism are widely accepted by the American mainstream and Rhode herself a pathbreaker in the fields of law and education offers effective strategies for redefining and advancing the feminist agenda thereby creating a movement that truly recognizes and is responsive to what all women want *All-story Magazine* ,1930

Men, Masculinities and Honour-Based Abuse Mohammad Idriss,2019-12-06 This book explores the largely neglected relationship between men masculinities and honour based abuse HBA There is a common misconception that HBA whether physical violence emotional abuse or so called honour killings occurs only against women This book addresses the gap in the current literature concerning the relationship between men masculinities and HBA With contributions from an international and interdisciplinary range of both academics and professionals the book examines HBA and forced marriages specifically from male victim perspectives both in the UK and internationally Providing a clear understanding of the main theoretical and sociological explanations of HBA against male victims the book demonstrates that although men are indeed the main perpetrators of HBA state agencies must address the fact that many men are also victims This book is essential reading for students academics and practitioners alike **The Social and Political Systems of Central Polynesia** Robert W.
