The Foundations Of Human Experience:

The Foundations of Human Experience Rudolf Steiner, 1996-07 7 Lectures various cities Nov 29 1917 Oct 16 1918 CW 182 Death as Metamorphosis of Life is a brilliant exceptional collection The lectures are intimate existential profound and transformative they address us in our soul lives where we live and where we strive for spiritual experience They make clear the necessary and living bond that must unite the inner work of Anthroposophists the day to day inner spiritual work in our ordinary lives and the outer work of Anthroposophy the manifestation of spirit in life that is the tasks of service that we take on in the world Steiner understood that if Anthroposophy or spiritual wisdom does not live and grow as a spiritual reality in the souls of those who claim to practice it then the practical wisdom their actions in the world as called for by the spirit of the times will come to nothing Christopher Bamford introduction The lectures in Death as Metamorphosis of Life address us in our soul life and speak to our hearts They make clear the bond that must unite our inner spiritual work and the outer work of manifesting spirit in life For if spiritual wisdom does not live and grow as a reality in the souls of those who practice it then the practical wisdom of service called for by the spirit of the times will come to nothing The particular realities that Rudolf Steiner focuses on are twofold working with the dead and the spiritual hierarchies and coming to know the Christ What these two have in common is that they are both Earth centered They teach us the fundamental importance of everyday human destiny and earthly life not just for humanity but also for divinity and the cosmos We learn not only what the dead can teach us about the spiritual world and the working of the hierarchies but also what it means to be human in a spiritual sense We learn of the importance of working with the dead and the angelic worlds both for our own and for their development as well as for the future evolution of the Earth The Mystery of Golgotha is equally important we must understand it spiritually As Steiner says It is the will of the gods that the most important event on Earth must compel us to spirituality The Christ must be experienced inwardly not historically At the same time he must be found on Earth for instance in human destiny The more we become aware of what is secretly invisibly and unconsciously working in our lives the closer we will come to working with the dead and to the kingdom of Christ How can we find the Christ Steiner quotes the seventeenth century mystic Angelus Silesius The Cross on Golgotha cannot save you from evil if it is not also raised within you The Cross is raised within us by the polarity of the powerlessness of our body and the resurrection of our spirit There is no need for supersensory capacities to realize this experience only humility and sincerity in seeking are required Resurrection from the soul death of powerlessness is the true Christ experience that opens the soul to the presence of Christ Truly these are astonishing lectures to be treasured to be read reread to be thoroughly understood as something living to be meditated and made one's own and to be carried as a transformative gift into the world Christopher Bamford introduction Death as Metamorphosis of Life is translated for the first time in its entirety from the German of *Der Tod als Lebenswandlung* GA 182 Individual lectures have appeared in *Angels Selected Lectures* *Evil Selected Lectures* and *Staying Connected* **The Foundations of Human**
