The Shockwave Rider:

The Shockwave Rider John Brunner,2014-04-01 In a world drowning in data a fugitive tries to outrun the forces that want to reprogram him in this smart edgy novel by a Hugo Award winning author Constantly shifting his identity among a population choking on information innovation and novelty Nickie Haflinger is a most dangerous outlaw yet he doesn't even appear to exist As global society falls apart in all directions with corporate power run amok and personal freedom surrendered to computers and bureaucrats Haflinger is caught and about to be reprogrammed Now he has to try to escape once again defy the government and turn the tide of organizational destruction in this visionary science fiction novel by the author of *The Sheep Look Up* and *Stand on Zanzibar* Brunner writes about the future as if he and the reader were already living in it *The New York Times Book Review* When John Brunner first told me of his intention to write the book I was fascinated but I wondered whether he or anyone could bring it off Bring it off he has with cool brilliance A hero with transient personalities animals with souls think tanks and survival communities fuse to form a future so plausibly alive it as twitched at me ever since Alvin Toffler author of *Future Shock* One of the most important science fiction authors Brunner held a mirror up to reflect our foibles because he wanted to save us from ourselves SF Site

The Shockwave Rider John Brunner,1995-03-01 He was the most dangerous fugitive alive but he didn't exist Nickie Haflinger had lived a score of lifetimes but technically he didn't exist He was a fugitive from Tarnover the high powered government think tank that had educated him First he had broken his identity code then he escaped Now he had to find a way to restore sanity and personal freedom to the computerized masses and to save a world tottering on the brink of disaster He didn't care how he did it but the government did That's when his Tarnover teachers got him back in their labs and Nickie Haflinger was set up for a whole new education

John Brunner John Brunner,2014-07-17 *THE SHEEP LOOK UP* Environmentalist Austin Train is on the run The Trainites environmental activists and sometime terrorists want him to lead their movement The government wants him in jail or preferably executed The media wants a circus Everyone has a plan for Train but Train has a plan of his own *THE SHOCKWAVE RIDER* Nickie Haflinger had lived a score of lifetimes but technically he didn't exist He was a fugitive from Tarnover the high powered government think tank that had educated him First he had broken his identity code then he escaped *THE TRAVELLER IN BLACK* This is a collection of stories of the Traveller in Black It is set in a world where chaos rules One man the man with many names but one nature is charged with creating order out of the warring forces of nature

The Watchman Jonathan Littman,1997-03-31 This is a first rate detective story and all true It's the story of a seemingly invincible electronic thief con man and stalker and the people who tracked him down Jonathan Littman brings his readers straight into the world of cyberpunk crime as he shows the origins development and climax of the wildest and most audacious known crime spree in cyberspace Hundreds of hours of interviews allow Littman to tell much of the story through the eyes of those who lived it and his own edgy style and excellent pacing make for a thriller that's hard to put down
