Speaking of Stendhal Storm Jameson,2011-10-28 Storm Jameson writes of Stendhal as one speaks in suitable company of a friend She knew him very well Over the years she read everything available by him and she immersed herself in his life and his writings and the two cannot be separated As a biographical subject Stendhal is vastly more rewarding than many literary figures Something was forever happening to him usually another passionate love affair Life at home in his youth was a smouldering battle ground he hated his father and when he rejoiced at the execution of Louis XVI be sure Storm Jameson adds that another head glimmered in his mind There was his naively close relationship with his sister Pauline whom however he later outgrew so that he would do anything he could for her except live with her There was his brief but horrifying experience of Napoleon s wars And of course there was his passion for travel for society for the opera for Italy It all became part of the texture of his books What is so astonishing is that his contemporaries were unconscious of his genius even his old friend Merimee patronised him as a failure Posterity has set that right and this study so lucidly and perceptively written and providing so many insights gives a marvellously concise picture of a rich and varied life

Memoirs of Egotism Stendhal,2012-04-16 Written in 1832 three years before The Life of Henry Brulard which recounts the author s boyhood and youth Memoirs of Egotism forms the essential middle section of Stendhal s intended autobiography Along with Journals of Italy these volumes comprise what Andr Gide has called one of the truly great autobiographies in any language Unpublished until fifty years after the Stendhal s death Memoirs of Egotism concerns itself exclusively with the decade following his return from Milan to Paris in 1821 Stendhal appears as a cynical wit adventurer lover brilliant conversationalist and secret man of letters We are privy to his encounters in the salons and boudoirs of the capital with his attendant hopes realized and disappointed private foibles and social miscalculations Stendhal s passionate and ceaseless pursuit of happiness is on display intertwined as always with the undercutting wit and unsparing self analysis that have transformed his name into an adjective for an entire point of view all as frankly conveyed and keenly observed as in any

memoir before or since The book is deftly translated by Hannah and Matthew Josephson Mr Josephson also provides an extensive introduction and editorial notes _____ The lens of his intelligence is focused on himself with a concentration that amounts to ferocity Doris Lessing He had the faculty of surrendering himself to some emotional experience then recording it afterward with complete self consciousness He tried to examine himself and others with the experimental and dispassionate attitude typified by the new scientists of the time much as his friend Cuvier the biologist dissected animals in his laboratory eschewing bombast or sentiment from the editor s introduction
