Stephen King

Stephen King:

It Stephen King, 2016-01-05 Stephen King's classic #1 New York Times bestseller and the basis for the massively successful films *It Chapter One* and *It Chapter Two* as well as inspiration for HBO Max's upcoming *Welcome to Derry* about seven adults who return to their hometown to confront a nightmare they had first stumbled upon as teenagers: an evil without a name. *Welcome to Derry, Maine* It's a small city, a place as hauntingly familiar as your own hometown. Only in Derry the haunting is real. They were seven teenagers when they first stumbled upon the horror. Now they are grown-up men and women who have gone out into the big world to gain success and happiness. But the promise they made twenty-eight years ago calls them to reunite in the same place where, as teenagers, they battled an evil creature that preyed on the city's children. Now children are being murdered again, and their repressed memories of that terrifying summer return as they prepare to once again battle the monster lurking in Derry's sewers. Readers of Stephen King know that Derry, Maine, is a place with a deep dark hold on the author. It reappears in many of his books, including *Bag of Bones*, *Hearts in Atlantis*, and *11/22/63*. But it all starts with *It*, Stephen King's most mature work. *St. Petersburg Times*: "It will overwhelm you to be read in a well-lit room only." *Los Angeles Times*

The Stand Stephen King, 2008-06-24 #1 BESTSELLER Stephen King's apocalyptic vision of a world blasted by plague and tangled in an elemental struggle between good and evil remains as riveting and eerily plausible as when it was first published. One of *The Atlantic's* Great American Novels of the Past 100 Years. This edition includes all of the new and restored material first published in *The Stand: The Complete and Uncut Edition*. A patient escapes from a biological testing facility, unknowingly carrying a deadly weapon: a mutated strain of super-flu that will wipe out 99 percent of the world's population within a few weeks. Those who remain are scared, bewildered, and in need of a leader. Two emerge: Mother Abigail, the benevolent 108-year-old woman who urges them to build a peaceful community in Boulder, Colorado; and Randall Flagg, the nefarious Dark Man who delights in chaos and violence. As the Dark Man and the peaceful woman gather power, the survivors will have to choose between them and ultimately decide the fate of all humanity. A master storyteller. *Los Angeles Times*

The Body Stephen King, 2018-06-05 #1 New York Times bestselling author Stephen King's timeless novella *The Body* originally published in his short story collection *Different Seasons* and adapted into the film classic *Stand by Me* is now available as a stand-alone publication. It's 1960 in the fictional town of Castle Rock, Maine. Ray Brower, a boy from a nearby town, has disappeared, and twelve-year-old Gordie Lachance and his three friends set out on a quest to find his body along the railroad tracks. During the course of their journey, Gordie, Chris Chambers, Teddy Duchamp, and Vern Tessio come to terms with death and the harsh truths of growing up in a small factory town that doesn't offer much in the way of a future. A timeless exploration of the loneliness and isolation of young adulthood. Stephen King's *The Body* is an iconic, unforgettable coming-of-age story.
