*Vaccinia Virus and Poxvirology* Stuart N. Isaacs,2008-02-03 The Right Book at the Right Time The poxviruses comprise a family of complex DNA viruses that replicate in the cytoplasm of vertebrate or invertebrate cells Of the eight recognized genera of vertebrate poxviruses those belonging to the orthopoxvirus genus have been most intensively studied This group includes variola virus the agent of smallpox as well as cowpox virus and vaccinia virus Jenner s original smallpox vaccine described in 1798 consisted of live cowpox virus but vaccinia virus later replaced it 1 There has been speculation as to the origin of vaccinia virus the most likely idea is that it is a separate species possibly originally isolated from a horse and is now extinct or rare in nature 2 Recent genome sequencing studies confirm the distinctness of variola virus cowpox virus and vaccinia virus and also their very close genetic relationship which accounts for the cross protection of smallpox vaccines The novelty of the smallpox vaccine can be readily appreciated by the time it took about 80 years before the next live vaccine against rabies was developed and another 50 years for the yellow fever vaccine Moreover the eradication of smallpox in 1977 stands as a unique medical achievement Because of its historical role smallpox vaccination contributed greatly to present concepts of infectious disease immunity and pathogenesis Less well known however are the many other firsts for vaccinia virus

**Rhinehoth** Brian E. Niskala,2009-12-26 Rhinehoth Centuries ago a great castle was built in the mountains of Germany s Black Forest Its ancient guardians still thrive in its walls forever protecting its dark secrets holding captive an enemy that threatens their very existence Foretold is a story of an ancient warrior that is to return to the castle to free the captive Vampire Prince Simon Roberts was a petty thief who fled England to escape Scotland Yard after a series of unsuccessful jewelry store heists He was recruited to do a job in Germany where he was to simply drive the get away car while providing a look out He thought this was going to be an easy job and a way to break into the German crime scene But things go terribly wrong and he ended up being the only survivor of the botched heist Simon is quickly sentenced to a prison called Rhinehoth This is where Germany sent the worst of the worst surely not a place for a petty thief such as himself Rhinehoth is a great German castle that was converted in the late 1930 s to a Stalag for war criminals of World War II The converted prison s modern day inhabitants are relentlessly tortured starved and sleep deprived This contributes to the prisoners delusional visions that help hide the truth and keeps Rhinehoth s secrets Their captors are the army of Werewolves who have survived the centuries off the very flesh and blood of Germany s worst forgotten criminals

Simon imprisoned becomes plagued with visions from his subconscious ancient past with confusion of his modern day consciousness He discovers through his visions that he is the ancient warrior Guthrie who has come to free the Vampire Prince and all the captives while saving the world from a dark plan of biblical proportions that has been orchestrated over the centuries

*You Are The Best Thing Since Sliced Bread* Samantha Renke,2022-07-21 A powerful book on how to live boldly and love your fabulous self Fearné Cotton We are made to think that what makes us human our flaws failures and heartaches are things to keep hush hush Being unapologetically imperfect is seen as something we should be embarrassed by But what I ve learned is that we all experience the same insecurities We just aren t talking about it Well I m here to break the silence For starters I have way too many nipple hairs I prefer the company of my pets to other people And repeatedly I question Am I normal I was born with brittle bone condition and so far I ve broken my bones 200 times But most of the hurdles I face don t come from my disability they come from things we all experience In this book I will share the lessons I have learned and why you should embrace your uniqueness as what makes you fabulous We spend a lot of time living by others expectations and it s only when you stop that you start saying yes to life Irrespective of who you are and the obstacles you might face you can do whatever you want Be free and unapologetically you Published by Happy Place Books
