expectations and financial stress caused divisions between Dickens and the original publisher Chapman Hall **The Letters of Charles Dickens (Annotated)** Charles Dickens, 2018-01-16 This Book is annotated it contains a detailed biography of the author An active Table of Contents has been added by the publisher for a better customer experience This book has been checked and corrected for spelling errors WE intend this Collection of Letters to be a Supplement to the Life of Charles Dickens by John Forster That work perfect and exhaustive as a biography is only incomplete as regards correspondence the scheme of the book having made it impossible to include in its space any letters or hardly any besides those addressed to Mr Forster As no man ever expressed himself more in his letters than Charles Dickens we believe that in publishing this careful selection from his general correspondence we shall be supplying a want which has been universally felt Our request for the loan of letters was so promptly and fully responded to that we have been provided with more than sufficient material for our work By arranging the letters in chronological order we find that they very frequently explain themselves and form a narrative of the events of each year Our collection dates from 1833 the commencement of Charles Dickens s literary life just before the starting of the Pickwick Papers and is carried on up to the day before his death in 1870
